Ongoing review to address company's changing needs

Cash / Excess Capital

Methodology

- Update cash generation forecasts
- Identify cash needed for ongoing operations
- Assess capital investments required
- Review M&A pipeline
- iRobot Ventures – fund up to \$10M annually
- If excess identified, determine best program for return

**Returning excess cash to shareholders
while investing to grow the business**

Summary

- Off to a great start on our consumer-focused strategy
- Maintaining and extending leadership in growing RVC market
- Building wet floor care into second revenue stream
- Connecting iRobot products within the home – extending connected products
- Capital allocation decisions fueling business momentum and creating shareholder value
