Leading Independent Proxy Advisory Firm Egan-Jones Recommends iRobot Shareholders Vote “FOR” ALL iRobot Director Nominees on WHITE Proxy Card

BEDFORD, Mass., May 18, 2016 – iRobot Corp. (NASDAQ: IRBT) (“iRobot” and the “Company”), a leader in delivering robotic technology-based solutions, today announced that Egan-Jones Proxy Services (“Egan-Jones”), an independent proxy voting and corporate governance firm, has recommended that iRobot shareholders vote “FOR” iRobot’s highly-qualified and experienced director nominees – Mohamad Ali and Michael Bell – on the WHITE proxy card at the Company’s Annual Meeting of Stockholders on May 25, 2016.

In its May 18, 2016 report, Egan-Jones stated:

“We believe that the current management and iRobot Board of Directors have been instrumental in the ongoing transformation of iRobot.”

“...Red Mountain has not offered a comprehensive strategic plan compared to what current management is executing...We see research and development as a critical need for a company that is essentially developing a new class of consumer product – household robots.”

“We are not convinced that the dissident shareholders’ nominees are better than the Company nominees they would replace. The current Board members up for election appear to us to be some of the strongest members of the current Board.”

“...the solicitation being made by the dissidents could disrupt the ongoing efforts of the management toward the implementation of the strategic plan and put the Company’s entire strategy at risk.”

“...the Company has taken significant actions to strengthen its corporate governance practices.”

Commenting on the Egan-Jones report, iRobot issued the following statement:

We are pleased to have the support of leading independent proxy advisory firm Egan-Jones, which acknowledges that iRobot has the right Board and strategy to drive growth and increased value.

iRobot is the leader in consumer robotics and has evolved our Board to reflect the needs of a consumer technology company. iRobot’s highly-qualified director nominees, Michael Bell and Mohamad Ali, bring critical experience in software development, cloud computing and SaaS, the Internet of Things, and the connected home to iRobot’s Board.

iRobot encourages shareholders to follow Egan-Jones’s recommendations and vote “FOR” iRobot’s director nominees Mohamad Ali and Michael Bell.
