Dear Fellow Stockholder,

You are cordially invited to attend the annual meeting of stockholders of iRobot Corporation, a Delaware corporation (the "Company"), to be held on Wednesday, May 20, 2020, at 8:30 a.m., Eastern Time. The annual meeting will be held entirely online this year due to the emerging public health impact of the coronavirus outbreak (COVID-19). You will be able to attend and participate in the annual meeting online by visiting www.virtualshareholdermeeting.com/IRBT2020, where you will be able to vote electronically and submit questions. You will not be able to attend the annual meeting in person. You will need the 16-digit control number included on your Notice of Internet Availability or your proxy card (if you received a printed copy of the proxy materials) to attend the annual meeting.

At this annual meeting, you will be asked to (1) elect three (3) Class III directors, each to serve for a three-year term; (2) ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the current fiscal year; (3) approve amendments to our amended and restated certificate of incorporation to eliminate supermajority voting requirements; (4) approve amendments to our amended and restated certificate of incorporation to declassify the board of directors; (5) approve amendments to our amended and restated certificate of incorporation to eliminate the prohibition on stockholders' ability to call a special meeting; (6) approve an amendment to the iRobot Corporation 2018 Stock Option and Incentive Plan (the "2018 Plan") to increase the maximum number of shares reserved and issuable under the 2018 Plan; and (7) approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement.

The board of directors unanimously recommends that you vote FOR election of the director nominees, FOR ratification of appointment of our independent registered public accounting firm, FOR approval of amendments to our amended and restated certificate of incorporation to eliminate supermajority voting requirements, FOR approval of amendments to our amended and restated certificate of incorporation to declassify the board of directors, FOR approval of amendments to our amended and restated certificate of incorporation to eliminate the prohibition on stockholders' ability to call a special meeting, FOR approval of an amendment to the 2018 Plan for the increase to the maximum number of shares reserved and issuable under the 2018 Plan, and FOR approval, on a non-binding, advisory basis, of the compensation of our named executive officers as disclosed in this Proxy Statement. Details regarding the matters to be acted upon at this annual meeting appear in the accompanying Proxy Statement. Please give the accompanying materials your careful attention.

Whether or not you plan to attend the annual meeting online, we urge you to vote on the business to come before this annual meeting so that your shares will be represented at the annual meeting. If you attend the annual meeting online, you may vote during the meeting electronically even if you have previously returned a proxy. Your prompt cooperation will be greatly appreciated.

BECAUSE APPROVAL OF PROPOSALS 3, 4 AND 5 REQUIRES THE AFFIRMATIVE VOTE OF AT LEAST 75% OF THE OUTSTANDING SHARES, YOUR VOTE WILL BE ESPECIALLY IMPORTANT AT THIS YEAR'S ANNUAL MEETING.

Thank you for your continued support, interest and investment in iRobot.

Sincerely,

SUMMARY OF RECENT AND PROPOSED CHANGES TO CORPORATE GOVERNANCE AND EXECUTIVE COMPENSATION

In recent years, iRobot has taken important steps to evolve key corporate governance practices and policies that shape board engagement, the composition of the board of directors, and executive compensation matters. For the upcoming 2020 annual meeting of stockholders (the “2020 Annual Meeting”), stockholders are asked to vote on seven proposals that are detailed in this year’s Proxy Statement, including proposals related to the above areas. Below are some highlights of recent governance changes including additional information about certain proposals that will be voted upon at the 2020 Annual Meeting:

Corporate Governance

In prior years, iRobot’s board of directors has recommended stockholders approve the following proposals in an effort to enhance our corporate governance practices and be responsive to expressed interests of our stockholders: 1) eliminating supermajority voting requirements has been proposed to stockholders every year since 2015; 2) declassifying our board of directors has been proposed to stockholders every year since 2016; and 3) eliminating the prohibition on stockholders’ ability to call a special meeting has been proposed to stockholders every year since 2017. Passing each of these proposals requires affirmative votes from at least 75% of the outstanding shares. Despite engaging a proxy solicitor to achieve the necessary voting threshold and receiving overwhelming stockholder support for each of these proposals, the required stockholder approvals were not attained in any of the prior years in which the proposals were recommended to stockholders. The board of directors has determined to re-submit each of these proposals to the Company’s stockholders at the 2020 Annual Meeting and has again retained a proxy solicitor to support efforts to obtain affirmative votes from at least 75% of the outstanding shares.

Notable Practices and Policies

In compliance with The Nasdaq Stock Market (“Nasdaq”) standards and Securities and Exchange Commission (“SEC”) rules, and in keeping with best practices in corporate governance, iRobot has implemented a range of what it believes to be stockholder-friendly practices and policies. These include the following:

* The Company is seeking stockholder approval at the 2020 Annual Meeting to 1) declassify its board of directors; 2) eliminate supermajority voting requirements in its governing documents relating to removal of directors and amendments to the Company’s certificate of incorporation and bylaws; and 3) allow stockholders to call special meetings.

Board Composition

We continually evaluate our board member skills for alignment with iRobot's strategic goals. Over the past five years, we have added six independent directors who bring extensive experience in areas that are critical to the Company's strategic direction and long-term success. As illustrated in the timeline below, these directors have further diversified our board in terms of domain expertise, experience and gender. Each new director has brought complementary skills and relevant insights into global branding, strategic software development, cloud infrastructure, data analytics, consumer business and finance – all of which we believe have informed and advanced the Company's strategy.

Director Facts & Figures

Executive Compensation

In response to investor feedback in 2016, we modified the long-term incentive component of our executive compensation plan effective in fiscal year 2017. The revised plan reflects a mix of 50% performance share units (“PSUs”) and 50% time-based restricted stock units (“RSUs”). The PSUs have metrics based on our cumulative financial performance measured at the end of a three-year performance period. We also added the ability to achieve an above target payout for PSUs starting in 2017 for achievement of the performance metrics above target levels.

The following illustrates key elements of our executive compensation practices.

*Representative mix of compensation. For additional information, please see page 42 of the 2020 Proxy Statement.

Your Vote Matters

As noted above and outlined in greater detail within the Proxy Statement, stockholders overwhelmingly supported the three proposals included in the enclosed Proxy Statement relating to amendments of our certificate of incorporation to 1) declassify our board of directors, 2) eliminate supermajority voting requirements in our governing documents relating to removal of directors and amendments to the Company's certificate of incorporation and bylaws, and 3) allow stockholders to call special meetings, but each of these proposals did not achieve the requisite affirmative vote of at least 75% of the outstanding shares to pass. Given these dynamics, we urge all stockholders to vote their shares, regardless of how many shares you own or whether you plan to attend the online meeting. We appreciate your cooperation and support.

In closing, we urge all stockholders to vote their shares TODAY using the proxy card (if you received printed proxy materials) or vote online or by telephone, as instructed, regardless of how many shares you own or whether you plan to attend the meeting online. iROBOT CORPORATION
PROXY STATEMENT
For the Annual Meeting of Stockholders
To Be Held on May 20, 2020

April 6, 2020

This Proxy Statement and related materials have been made available to you on the Internet, or have been delivered to you by mail at your request, on behalf of the board of directors of iRobot Corporation, a Delaware corporation (the "Company" or "iRobot"), for use at the annual meeting of stockholders to be held on Wednesday, May 20, 2020, at 8:30 a.m., Eastern Time. The annual meeting will be held entirely online this year due to the emerging public health impact of the coronavirus outbreak (COVID-19). Additional details regarding attending the virtual annual meeting and voting at the meeting are provided below.

**Important Notice Regarding the Internet Availability of Proxy Materials for
the Annual Meeting of Stockholders to be Held on May 20, 2020**

We have elected to provide access to our proxy materials over the Internet under the Securities and Exchange Commission's ("SEC") "notice and access" rules. On or about April 7, 2020, we mailed to our stockholders a Notice of Internet Availability containing instructions on how to access our proxy materials, including our Proxy Statement and our 2019 Annual Report. We believe that providing our proxy materials over the Internet expedites shareholders' receipt of proxy materials, lowers costs and reduces the environmental impact of our annual stockholder meeting. As a stockholder of the Company, you are invited to participate in the annual meeting, and are entitled and requested to vote on the proposals described in this Proxy Statement. The Notice of Internet Availability instructs you on how to submit your proxy or voting instructions through the Internet. If you would like to receive a paper copy of our proxy materials, the Notice of Internet Availability instructs you on how to request a paper copy of our proxy materials, including a proxy card or voting instruction form that includes instructions on how to submit your proxy or voting instructions by mail or telephone.

This Proxy Statement and our 2019 Annual Report to stockholders are available for viewing, printing and downloading at www.proxyvote.com. A copy of our Annual Report on Form 10-K for the fiscal year ended December 28, 2019, as filed with the SEC on February 13, 2020, will be furnished without charge to any stockholder upon written request to iRobot Corporation, 8 Crosby Drive, Bedford, Massachusetts 01730, Attention: Investor Relations. This Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 28, 2019 are also available on the SEC's website at www.sec.gov.

The purposes of the annual meeting are to elect three (3) Class III directors, each for a three-year term, to ratify the appointment of the Company's independent registered public accounting firm, to approve amendments to our amended and restated certificate of incorporation to eliminate supermajority voting requirements, to approve amendments to our amended and restated certificate of incorporation to declassify the board of directors, to approve amendments to our amended and restated certificate of incorporation to eliminate the prohibition on stockholders' ability to call a special meeting (such amendments, together, the "Charter Amendments"), to approve an amendment to the iRobot Corporation 2018 Stock Option and Incentive Plan (the "2018 Plan") to increase the maximum number of shares reserved and issuable under the 2018 Plan, and to hold a non-binding, advisory vote on the compensation of our named executive officers as disclosed in this Proxy Statement. Only

[Notice of Annual Meeting of Stockholders](#) and [iRobot 2020 Proxy Statement](#)

stockholders of record at the close of business on March 25, 2020 will be entitled to receive notice of and to vote at the annual meeting. As of March 25, 2020, 27,871,923 shares of common stock, \$0.01 par value per share, of the Company were issued and outstanding. The holders of common stock are entitled to one vote per share on any proposal presented at the annual meeting.

Stockholders may vote via the internet during the online meeting or by proxy. If you attend the annual meeting online, you may vote during the meeting electronically even if you have previously voted by proxy. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing a written notice of revocation bearing a later date than the proxy with the Secretary of the Company, (ii) duly completing a later-dated proxy relating to the same shares, or (iii) attending the annual meeting online and voting during the meeting electronically (although attendance at the annual meeting online will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be sent so as to be delivered to iRobot Corporation, 8 Crosby Drive, Bedford, Massachusetts 01730, Attention: Secretary, before the taking of the vote at the annual meeting.

The representation at the annual meeting online or by proxy of a majority of the outstanding shares of common stock entitled to vote at the annual meeting is necessary to constitute a quorum for the transaction of business. Votes withheld from any nominee, abstentions and broker "non-votes" are counted as present or represented for purposes of determining the presence or absence of a quorum for the annual meeting. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal but does not vote on another proposal because, with respect to such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Broker "non-votes" are not considered voted for the particular matter. If you hold your shares in "street-name" through a broker or other nominee, if the nominee does not have discretionary voting power and absent voting instructions from you, your shares will not be counted as voting.

For Proposal 1, our by-laws require that each director be elected by the affirmative vote of holders of a majority of the votes cast by holders of shares present, online or represented by proxy, and entitled to vote on the matter. Abstentions and broker non-votes, if any, will not be counted as voting with respect to the election of the directors and, therefore, will not have an effect on the election of the Class III directors.

For Proposal 2, the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the current fiscal year, Proposal 6, the vote to approve the amendment to the 2018 Plan to increase to the maximum number of shares reserved and issuable under the 2018 Plan and Proposal 7, the non-binding, advisory vote on the compensation of our named executive officers as disclosed in this Proxy Statement, an affirmative vote of holders of a majority of the votes cast by holders of shares present, online or represented by proxy, and entitled to vote on each such matter is required for approval. Abstentions and broker non-votes, if any, are not considered votes cast for Proposals 2, 6 and 7, and, therefore, will not have any effect on the outcome of such Proposals.

For Proposals 3, 4 and 5, votes on the Charter Amendments, an affirmative vote of not less than 75% of the outstanding shares entitled to vote as of the record date is required for approval of each such Proposal. Abstentions and broker non-votes, if any, will have the same effect as if you voted against Proposals 3, 4 and 5.

All properly executed proxies returned in time to be counted at the annual meeting will be voted by the named proxies at the annual meeting. Where a choice has been specified on the proxy with

respect to the foregoing matters, the shares represented by the proxy will be voted in accordance with the specifications. If you return a validly executed proxy without indicating how your shares should be voted on a matter, your proxies will be voted FOR election of the director nominees, FOR ratification of the appointment of our independent registered public accounting firm, FOR each of the Charter Amendments, FOR approval of the amendment to the 2018 Plan to increase to the maximum number of shares reserved and issuable under the 2018 Plan and FOR the approval, on a non-binding, advisory basis, of the compensation of our named executive officers as disclosed in this Proxy Statement.

Aside from the election of directors, the ratification of the appointment of the independent registered public accounting firm, the approval of the Charter Amendments, the approval of the amendment to the 2018 Plan to increase to the maximum number of shares reserved and issuable under the 2018 Plan and the non-binding, advisory vote on the compensation of our named executive officers as disclosed in this Proxy Statement, the board of directors knows of no other matters to be presented at the annual meeting. If any other matter should be presented at the annual meeting upon which a vote properly may be taken, shares represented by all proxy cards received by the board of directors will be voted with respect thereto at the discretion of the persons named as proxies.

It is important that your shares be voted regardless of whether you attend the online meeting. Please follow the voting instructions on the Notice of Internet Availability of Proxy Materials that you received. If you received a proxy card or voting instruction form, please complete the proxy card or voting instruction form promptly. If your shares are held in a bank or brokerage account, you may be eligible to vote electronically or by telephone – please refer to your voting instruction form. If you attend the meeting online, you may vote electronically during the meeting even if you have previously returned your vote in accordance with the foregoing. We appreciate your cooperation.

**PROPOSAL 1
ELECTION OF DIRECTORS**

Nominees

Our board of directors currently consists of nine members. Our amended and restated certificate of incorporation currently divides the board of directors into three classes. One class is elected each year for a term of three years. The board of directors, upon the recommendation of the nominating and corporate governance committee, has nominated Elisha Finney, Andrew Miller, and Michelle V. Stacy, and recommended that each be elected to the board of directors as a Class III director, each to hold office until the annual meeting of stockholders to be held in the year 2023 or until his or her successor has been duly elected and qualified or until his or her earlier death, resignation or removal. Each of Mr. Miller and Ms. Finney and Stacy has consented to being named in this Proxy Statement and has agreed to serve if elected. The board of directors is also composed of (i) three Class I directors (Colin M. Angle, Deborah G. Ellinger and Eva Manolis) whose terms are currently set to expire upon the election and qualification of directors at the annual meeting of stockholders to be held in 2021 and (ii) three Class II directors (Mohamad Ali, Michael Bell and Ruey-Bin Kao) whose terms are currently set to expire upon the election and qualification of directors at the annual meeting of stockholders to be held in 2022. If Proposal 4 is approved by the stockholders, each of Mr. Miller and Ms. Finney and Stacy, along with all other directors, will stand for election at the 2021 annual meeting.

The board of directors knows of no reason why any of the nominees named in this Proxy Statement would be unable or for good cause will not serve, but if any nominee should for any reason be unable to serve or for good cause will not serve, the board of directors reserves the right to nominate substitute nominees for election prior to the annual meeting, in which case the Company will file an amendment to this Proxy Statement disclosing the identity of such substitute nominees and related information and the proxies will be voted for such substitute nominees. The nominating and corporate governance Committee believes that certain qualifications, skills and experience should be represented on the board, as described below, although not every member of the board must possess all such qualifications, skills and experience to be considered capable of making valuable contributions to the board.

PUBLIC CO. LEADERSHIP

Our business is complex and evolving rapidly. Individuals who have led public companies or operating business units of significant size have proven leadership experience in developing and advancing a vision and making executive-level decisions.

PUBLIC CO. BOARD EXPERIENCE

We look for directors who have proven public company board experience, and who have demonstrated a steady hand in representing stockholders' interests.

FINANCE AND CAPITAL MANAGEMENT

Our business and financial model is complex and multinational. Individuals with financial expertise are able to identify and understand the issues associated with our business and take an analytical approach to capital allocation decisions.

GLOBAL OPERATING EXPERIENCE

We are a global company, with approximately 50% of our revenue coming from the Americas, 30% from Europe and 20% from the Asia-Pacific region. Global experience enhances understanding of the complexities and issues associated with running a global business and the challenges we face.

The board of directors believes that having our chief executive officer as chairman of the board facilitates the board of directors' decision-making process because Mr. Angle has first-hand knowledge of our operations and the major issues facing us. This also enables Mr. Angle to act as the key link between the board of directors and other members of management. To assure effective independent oversight, our by-laws provide that the independent members of our board of directors will designate a lead independent director if the chairman of the board is not an independent director, as discussed further in "Executive Sessions of Independent Directors" below.

Independence of Members of the Board of Directors

The board of directors has determined that Dr. Kao, Mses. Ellinger, Finney, Manolis and Stacy, and Messrs. Ali, Bell and Miller are independent within the meaning of the director independence standards of Nasdaq and the SEC. Furthermore, the board of directors has determined that each member of each of the committees of the board of directors is independent within the meaning of the director independence standards of Nasdaq and the SEC.

Executive Sessions of Independent Directors

Executive sessions of the independent directors are held during each regularly scheduled in-person meeting of the board of directors. Executive sessions do not include any of our non-independent directors and are chaired by a lead independent director who is appointed annually by the board of directors from our independent directors. Mr. Ali currently serves as the lead independent director. In this role, Mr. Ali serves as chairperson of the independent director sessions. The independent directors of the board of directors met in executive session four (4) times in 2019.

Role of Lead Independent Director

The lead independent director works to ensure that "all voices are heard" within the boardroom, proactively spends considerable time with the chief executive officer and other executive officers, to understand the Company's vision and strategy, and works to focus the board of directors on areas aligned with the Company's vision and strategy. In addition to acting as the chairperson of the independent director sessions, the lead independent director also assists the board in assuring effective corporate governance. The lead independent director's specific duties include:

- providing the chairman of the board with input as to preparation of agendas for meetings;
- advising the chairman of the board as to the quality, quantity and timeliness of the flow of information from the Company's management that is necessary for the independent directors to effectively and responsibly perform their duties;
- coordinating and developing the agenda for the executive sessions of the independent directors;
- acting as principal liaison between the independent directors and the chairman of the board on critical issues;
- acting as a spokesperson for the independent directors able to talk with major investors and stockholders on topics of overall governance;

- evaluating, along with the members of the compensation and talent committee, the chief executive officer's performance and meeting with the chief executive officer to discuss such evaluation; and
- acting as chairperson of the board in the absence of the chairman of the board or a vacancy in the position of chairman of the board.

The Board of Directors' Role in Risk Oversight

The board of directors oversees our risk management process. This oversight is primarily accomplished through the board of directors' committees and management's reporting processes, including receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The audit committee focuses on risk related to accounting, internal controls, financial and tax reporting, privacy and cybersecurity. The audit committee also assesses economic and business risks and monitors compliance with ethical standards. The compensation and talent committee identifies and oversees risks associated with our executive compensation policies and practices, and the nominating and corporate governance committee identifies and oversees risks associated with director independence, related party transactions and the implementation of corporate governance policies.

Policies Governing Director Nominations

Director Qualifications

The nominating and corporate governance committee of the board of directors is responsible for reviewing with the board of directors from time to time the appropriate qualities, skills and characteristics desired of members of the board of directors in the context of the needs of the business and current make-up of the board of directors. This assessment includes consideration of the following minimum qualifications that the nominating and corporate governance committee believes must be met by all directors:

- nominees must have experience at a strategic or policy making level in a business, government, non-profit or academic organization of high standing;
- nominees must be highly accomplished in their respective fields, with superior credentials and recognition;
- nominees must be well regarded in the community and shall have a long-term reputation for the highest ethical and moral standards;
- nominees must have sufficient time and availability to devote to the affairs of the Company, particularly in light of the number of boards on which the nominee may serve;
- nominees must be free of conflicts of interest and potential conflicts of interest, in particular with relationships with other boards; and
- nominees must, to the extent such nominee serves or has previously served on other boards, demonstrate a history of actively contributing at board meetings.

We do not have a formal board diversity policy. However, pursuant to the Policy Governing Director Qualifications and Nominations, as part of its evaluation of potential director candidates and in addition to other standards the nominating and corporate governance committee may deem appropriate from time to time for the overall structure and composition of the board of directors, the nominating and corporate governance committee may consider whether each candidate, if elected, assists in achieving a mix of board members that represent a diversity of background and experience. Accordingly, the board of directors seeks members from diverse professional backgrounds who combine a broad spectrum of relevant industry and strategic experience and expertise that, in concert,

offer us and our stockholders a diverse set of opinions and insights in the areas most important to us and our corporate mission. In addition, nominees for director are selected to bring complementary, rather than overlapping, skill sets. All candidates for director nominee must have time available to devote to the activities of the board of directors. The nominating and corporate governance committee also considers the independence of candidates for director nominee, including the appearance of any conflict in serving as a director. Candidates for director nominee who do not meet all of these criteria may still be considered for nomination to the board of directors, if the nominating and corporate governance committee believes that the candidate will make an exceptional contribution to us and our stockholders.

Process for Identifying and Evaluating Director Nominees

The board of directors delegates the initial selection and nomination process to the nominating and corporate governance committee, with the expectation that other members of the board of directors, and of management, will be requested to take part in the process as appropriate.

Generally, the nominating and corporate governance committee identifies candidates for director nominee in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the nominating and corporate governance committee deems to be helpful to identify candidates. Once candidates have been identified, the nominating and corporate governance committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the nominating and corporate governance committee. The nominating and corporate governance committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means that the nominating and corporate governance committee deems to be helpful in the evaluation process. The nominating and corporate governance committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the board of directors. Based on the results of the evaluation process, the nominating and corporate governance committee recommends candidates for the board of directors' approval as director nominees for election to the board of directors. The nominating and corporate governance committee also recommends candidates to the board of directors for appointment to the committees of the board of directors. Once appropriate candidates have been identified, the entire board of directors votes on the candidates, as the selection of board nominees is a responsibility of the entire board of directors.

Procedures for Recommendation of Director Nominees by Stockholders

The nominating and corporate governance committee will consider director nominee candidates who are recommended by our stockholders. Stockholders, in submitting recommendations to the nominating and corporate governance committee for director nominee candidates, shall follow the following procedures:

The nominating and corporate governance committee must receive any such recommendation for nomination not earlier than the close of business on the 120th day prior to the first anniversary of the date of the Proxy Statement delivered to stockholders in connection with the preceding year's annual meeting.

- A representation that the stockholder is a record holder of the Company's securities, or if the stockholder is not a record holder, evidence of ownership;

- The consent of the proposed director nominee (i) to be named in the Proxy Statement for the annual meeting and (ii) to serve as a director if elected at such annual meeting; and

Policy Governing Director Attendance at Annual Meetings of Stockholders

Our policy is to schedule a regular meeting of the board of directors on the same date as our annual meeting of stockholders and, accordingly, directors are encouraged to be present at our stockholder meetings. Our directors are expected to participate in the virtual annual meeting of stockholders, unless they have a conflict that cannot be resolved. The eight board members who were directors at the time of the annual meeting of stockholders held in 2019 attended the meeting.

Board of Directors Evaluation Program

The board of directors performs annual self-evaluations of its composition and performance, including evaluations of its standing committees and individual evaluations for each director. In addition, each of the standing committees of the board of directors conducts its own self-evaluation, which is reported to the board of directors. The board of directors retains the authority to engage its own advisors and consultants.

No member of the compensation and talent committee was an employee or former employee of us or any of our subsidiaries, or had any relationship with us requiring disclosure herein.

During the last year, no executive officer of the Company served as: (i) a member of the compensation and talent committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our compensation and talent committee; (ii) a director of another entity, one of whose executive officers served on our compensation and talent committee; or (iii) a member of the compensation and talent committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as a director of the Company.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

No portion of this audit committee report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), through any general statement incorporating by reference in its entirety the Proxy Statement in which this report appears, except to the extent that the Company specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

This report is submitted by the audit committee of the board of directors. The audit committee currently consists of Andrew Miller, Elisha Finney and Eva Manolis. None of the members of the audit committee is an officer or employee of the Company, and the board of directors has determined that each member of the audit committee meets the independence requirements promulgated by Nasdaq and the SEC, including Rule 10A-3(b)(1) under the Exchange Act. Each of Mr. Miller and Ms. Finney is an "audit committee financial expert" as is currently defined under SEC rules. The audit committee operates under a written charter adopted by the board of directors.

The audit committee oversees the Company's accounting and financial reporting processes on behalf of the board of directors. The meetings of the audit committee are designed to facilitate and encourage communication among the audit committee, Company management, the independent registered public accounting firm and the Company's internal audit function. The Company's management has the primary responsibility for the financial statements, for maintaining effective internal control over financial reporting, and for assessing the effectiveness of internal control over financial reporting. In fulfilling its oversight responsibilities, the audit committee has reviewed and discussed with management the Company's consolidated financial statements for the fiscal quarters and full year ended December 28, 2019, including a discussion of, among other things, the quarterly and annual earnings press releases, the quality of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosures in the Company's financial statements.

The audit committee ensures that the Company establishes and appropriately resources a professional internal auditing function and that there are no unjustified restrictions or limitations imposed on that function. In addition to reviewing and approving the annual internal audit plan and overseeing other internal audit activities, the audit committee regularly reviews and discusses the results of internal audit reports.

The audit committee also reviewed with PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm, the results of their audit and discussed matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC. The audit committee has reviewed permitted services under rules of the SEC as currently in effect and discussed with PricewaterhouseCoopers LLP their independence from management and the Company, including the matters in the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has considered and discussed the compatibility of non-audit services provided by PricewaterhouseCoopers LLP with that firm's independence. For each engagement, Company management provided the audit committee with information about the services and fees, sufficiently detailed to allow the audit committee to make an informed judgment about the nature and scope of the services and the potential for the services to impair the independence of the independent registered public accounting firm. After the end of each fiscal year, Company management provides the audit committee with a summary of actual fees incurred with the independent registered public accounting firm.

The audit committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations; their evaluations of the Company's internal control, including internal control over financial reporting; and the overall quality of the Company's financial reporting. Additionally, the audit committee meets in separate executive sessions with the Company's chief financial officer and the head of internal audit.

In accordance with SEC rules and PricewaterhouseCoopers LLP policies, lead and concurring audit partners are subject to rotation requirements that limit the number of consecutive years an individual partner may provide services to our Company to a maximum of five years. The selection of the lead audit partner pursuant to this rotation policy involves a meeting between the candidate for the role and the chair of the audit committee, as well as with the full audit committee and members of management.

The audit committee has also evaluated the performance of PricewaterhouseCoopers LLP, including, among other things, the length of time the firm has been engaged; its familiarity with our operations and businesses, accounting policies and practices, and our internal controls over financial reporting; and the appropriateness of fees paid to PricewaterhouseCoopers LLP for audit and non-audit services in 2019, on an absolute basis and as compared to the scope of prior year audits. Information about PricewaterhouseCoopers LLP's fees for 2019 is discussed below in this Proxy Statement under "Proposal 2 - *Ratification of Appointment of Independent Registered Public Accounting Firm.*" Based on its evaluation, the audit committee has retained PricewaterhouseCoopers LLP to serve as the Company's independent registered public accounting firm for the 2020 fiscal year.

Based on its review of the financial statements and the aforementioned discussions, the audit committee concluded that it would be reasonable to recommend, and on that basis, did recommend, to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 28, 2019, which was filed with the SEC on February 13, 2020.

Respectfully submitted by the Audit Committee,

Andrew Miller (chairman)
Elisha Finney
Eva Manolis

Notice of Annual Meeting of Stockholders and iRobot 2020 Proxy Statement

COMPENSATION AND OTHER INFORMATION CONCERNING EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

Executive Overview

The competition for executive talent in our industry continues to be significant. While we compete to attract and retain talent against other established technology companies in our industry, the skill sets, expertise and capabilities that we believe will help us further expand our business and drive value creation increasingly bring us into competition for talent against a wider range of technology companies, including those focused on emerging technologies.

Our compensation philosophy is based on a desire to balance retention of executive talent with pay for performance incentive compensation which is designed to reward our named executive officers for our financial and operating performance. We believe the compensation of our named executive officers should align our executives' interests with those of our stockholders and focus executive behavior on the achievement of both near-term corporate targets as well as long-term business objectives and strategies.

2019:

- In September 2019, we hired Keith Hartsfield as chief product officer to lead iRobot's physical and digital product offerings, providing strategic direction on innovation and vision, new product development, design competitiveness, partnership and in-market excellence.
- In September 2019, our chief operating officer, Christian Cerda, departed to pursue other career opportunities outside of our Company.

2020:

- In February 2020, we announced the transition of our chief financial officer role, with Julie Zeiler being appointed to succeed Alison Dean as executive vice president and chief financial officer on May 4, 2020. Alison will remain with iRobot in an advisory role for a period after May 4th to ensure a seamless and successful transition of responsibilities.

2019 Financial Performance Highlights

Our performance as a company in 2019 reflected our ability to continue growing and preserve profitability as we navigated an increasingly challenging environment. More specifically:

- Our financial performance was impacted directly and indirectly by rising Section 301 tariffs on List 3 goods that included robotic vacuum cleaners imported into the United States from China, as well as increasingly aggressive price competition in EMEA and the United States.
- We continued to expand our business in 2019 and generated 11% annual revenue growth to a record \$1.214 billion. However, we fell short of our original 2019 revenue targets due to the challenging market conditions encountered.
- The impact of lower-than-expected revenue, Section 301 tariffs on List 3 goods, which increased from 10% to 25% midway through the year, and changes to pricing and promotional activity resulted in lower gross margins, operating profitability, net income and earnings per share.
- We were able to partially mitigate the impact of these factors by carefully managing our cost structure, which included a 15% reduction of general and administrative expenses in 2019, and reducing certain discretionary spending and adjusting the timing and pacing of hiring.
- We ended the year with revenue between threshold and target performance levels in our annual cash incentive program and Adjusted EBITDA below threshold.

Revenue \$1.214B an increase of 11% from full-year 2018	Operating Income \$86.6M compared with \$105.8M from full-year 2018
Diluted Earnings Per Share \$2.97 compared with \$3.07 for full-year 2018	Net Income \$85.3M compared with \$88.0M from full-year 2018

Compensation Highlights:

Our compensation programs as designed are sensitive to Company performance. Our 2019 financial results and impact on compensation reflect this correlation:

- **Base Salary:** Base salary increases were made in early 2019 and ranged from 5.3% to 11.1% coming off a very strong 2018 performance. There were however, no base salary increases for named executive officers' in 2020 in recognition, in part, of 2019 performance.
- **Bonus:** 2019 incentive bonus payout of 39% of target, driven by below threshold Adjusted EBITDA performance and revenue between threshold and target.
 - 2018 Bonus was 126% of target.
- **PSUs:** 2017 PSUs paying out at 77% of target, driven by achievement of the revenue target but between threshold and target operating Income percent.
- **2019 equity grants:** Total current value of the March 2019 equity grants as of 12/28/2019 was 57% below the grant date fair value.

Historical Financial Performance

Our financial performance over the last four years has been strong. While 2019 was a challenging year given the more difficult than anticipated market conditions in the U.S. including the impact of the tariff, as well as intense price competition, we managed our cost structure well to reduce spending, which included a 15% reduction in general and administrative expenses in 2019, which mitigated these impacts. The performance below demonstrates our focus on growing our business while continuing to deliver stockholder value.

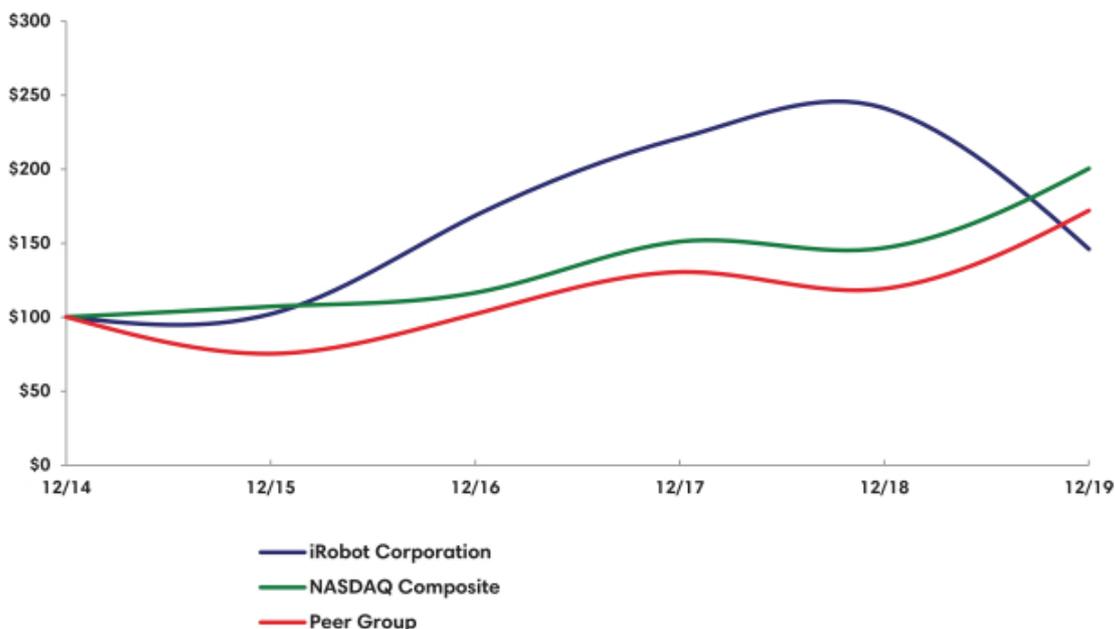

The graph below compares the cumulative 5-Year total return provided shareholders on iRobot Corporation’s common stock relative to the cumulative total returns of the Nasdaq Composite index and a customized peer group, which includes the sixteen companies listed in footnote 1 below. Objectives of Our Compensation Program

We believe our compensation philosophies and objectives, as further described below, have aligned executive compensation with Company performance. Our compensation programs for our executive officers are designed to achieve the following objectives:

- Provide competitive compensation that attracts, motivates and retains the best talent and the highest caliber executives to help us to achieve our strategic objectives;
- Connect a significant portion of the total potential compensation paid to executives to our annual financial performance;
- Align management's interest with the interests of stockholders through long-term equity incentives; and
- Provide management with performance goals directly linked to our longer-term plan for growth and profit.

We believe the compensation of our named executive officers should reflect their success as a management team, rather than as individuals, in attaining key operating objectives, such as Adjusted EBITDA, operating income in dollars and revenue in dollars. We define Adjusted EBITDA as earnings before interest, taxes, depreciation, amortization, stock-based compensation expense, net merger, acquisition and divestiture expense, gain on business acquisition, and net intellectual property litigation expense, as shown on Exhibit A.

We also believe that the compensation of our named executive officers should not be based on the short-term performance of our stock, whether favorable or unfavorable, but rather that the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the Company.

Methodologies for Establishing Executive Compensation

The compensation and talent committee, which is comprised entirely of independent directors, reviews the compensation packages for our named executive officers, including an analysis of all elements of compensation separately and in the aggregate. In determining the appropriate compensation levels for our chief executive officer, the compensation and talent committee meets with the executive vice president, human resources and corporate communications. With respect to the compensation levels of all other named executive officers, the compensation and talent committee meets with our chief executive officer and, as needed, our executive vice president, human resources and corporate communications. Our chief executive officer annually reviews the performance of each of the other named executive officers with the compensation and talent committee.

The compensation and talent committee has engaged Pay Governance as its independent executive compensation consultant. The consultant works with the compensation and talent committee in addition to our human resources department and the chief executive officer to assist them with a range of items including establishing an appropriate peer group, developing the structure of the executive compensation program and in formulating recommendations regarding base salary levels, target incentive awards, performance goals for incentive compensation and equity awards for named executive officers. In conjunction with the annual performance review of each named executive officer, the compensation and talent committee carefully considers the recommendations of the chief executive officer with respect to the other executive officers when setting base salary, bonus payments under the prior year's incentive compensation plan, and target amounts and performance goals for the current year's incentive compensation plan. In addition, the compensation and talent committee similarly determines the size and structure of equity incentive awards, if any, for each named executive officer.

Moreover, the compensation and talent committee considers the results of the advisory vote on named executive officer compensation, or the "say on pay" vote, that is currently held each year at the Company's annual meeting of stockholders.

At the May 2019 annual meeting of stockholders, the Company held its annual say on pay vote. The results of the say on pay vote held in May 2019 were as follows (as a percentage of the votes cast):

For	18,270,478	98.0%
Against	255,524	1.3%
Abstain	145,716	0.7%

The results of the say on pay vote are advisory and not binding on the Company, the board of directors or the compensation and talent committee. The board of directors and the compensation and talent committee, however, value the opinions of our stockholders and take the results of the say on pay vote into account when making decisions regarding the compensation of our named executive officers. Additionally, an important aspect of our investor relations activities involves interacting with our stockholders to discuss our executive compensation programs, answer important questions about our compensation philosophies and practices, and gain valuable direct feedback in the process.

The compensation and talent committee will, in consultation with Pay Governance and as appropriate, continue to consider changes to our compensation programs in ways that can further align the pay of our senior executives with our performance while taking into account input from stockholders and evolving factors such as the business environment, the competitive market for talent and other emerging trends. Additionally, the compensation and talent committee will continue to consider the outcome of our say on pay votes, regulatory changes and emerging best practices when making future compensation decisions for our named executive officers.

Our compensation plans are developed, in part, by utilizing publicly available compensation data and subscription compensation survey data for national and regional companies in the technology and consumer technology industries, including those that focus on smart-tech and high-tech products. When determining the range of competitive practice for executive compensation, we review compensation data for companies with revenues, market capitalization, headcount and levels of ongoing research and development investment similar to our profile. There is an expanded discussion on our peer group in the section "Compensation Comparisons" on page 40. While there are no perfect benchmarks for our Company, we believe that this approach provides us with valuable insights as to pay levels and practices of companies similar to ours.

Compensation Consultants

As the independent compensation consultant, Pay Governance provides the compensation and talent committee with advice on a broad range of executive compensation matters. The scope of Pay Governance's services included the following:

- Apprising the compensation and talent committee of compensation-related and regulatory trends and developments in the marketplace;
- Assessing the composition of the peer companies used for comparative purposes;
- Performing a competitive assessment of our non-employee director and executive compensation programs; and
- Identifying potential changes to the executive compensation program to maintain competitiveness and ensure consistency with business strategies, good governance practices and alignment with stockholder interests; and
- Reviewing the Compensation Discussion & Analysis section of the Company's Proxy Statement.

As more fully described on page 53, the compensation and talent committee reviewed its relationship with Pay Governance pursuant to SEC rules and determined Pay Governance's work for the compensation and talent committee did not raise any conflicts of interest. The Company did not engage Pay Governance for any other consulting work in fiscal 2019.

Compensation Comparisons

Developing a compensation peer group for compensation comparison purposes is not an easy task for the Company. We do not have any “true” consumer robotic peer companies that are publicly-traded, stand-alone, U.S.-based and size-appropriate. We believe the mix of technology, smart technology/connected devices, and technology/ consumer products entities that comprise our current compensation peer group provides appropriate reference points for compensation and performance comparisons. However, the companies in our peer group have historically differed substantially from the companies used as peers by some proxy advisory firms. These proxy advisory organizations tend to compare us with companies in the consumer durables industry, household appliances, retailers and leisure products / manufacturers (i.e., some of these companies with little to no technology attributes to their respective products and minimal investments in ongoing research and development). These differences in the composition of compensation peer groups, which are used in companies’ determinations of how to align pay and performance, can result in substantial differences in Company performance and how compensation is valued and delivered to executives. Technology, smart technology/connected devices and technology/consumer products companies are subject to different competitive pressures and, in our experience, typically perform and pay differently from home builders, retailers and furniture distributors/manufacturers. Additionally, recruitment efforts at companies focused on technology, smart technology/connected devices and technology/consumer products are largely focused on robotics/technology experts/ industry leaders and individuals with engineering backgrounds. The compensation and talent committee considers these unique dynamics when annually reviewing the composition of our peer group and in evaluating our ongoing compensation practices.

The following selection criteria, developed in conjunction with the compensation and talent committee, which are carefully reviewed annually and adjusted as needed, were used to develop the comparative compensation peer group used in assessing the competitiveness of our executive compensation program and in helping develop fiscal year 2019 compensation actions:

- Companies with revenues within a similar range and generally similar market capitalization;
- Companies within comparable industries that focus on smart-tech and high-tech products (e.g., consumer durables, consumer services, aerospace, capital goods, electronics equipment, information technology, instruments and components, computers and peripherals, networking equipment and computer hardware);
- Companies with highly-engineered products and complex networked technologies with multiple industry applications;
- Technology companies whose products contain both hardware and software components, in particular cloud-connected devices, smart monitors, networked devices and consumer wearables; and
- Companies with moderate to high sales growth and opportunity.
- Other secondary criteria also considered include:
 - Companies considered to be engaging in “disruptive innovation;”
 - Companies with products with brand recognition and/or that focus on disposable income “luxury” goods; and
 - Companies with comparable levels of ongoing investment in research and development that indicate similar business models and financial strategy.

Our compensation peer group for 2019 consisted of the following sixteen companies which we show in two different technology segments. Consumer technology companies that focus on high tech products for consumers, and broader technology companies that have a technology focus and meet some of the criteria mentioned above.

<i>Consumer Technology Companies</i>	<i>Broader Technology Companies</i>
Fitbit, Inc.	3D Systems Corporation
Garmin Ltd.	Brooks Automation, Inc.
GoPro, Inc.	Coherent, Inc.
Logitech International S.A.	Dolby Laboratories, Inc.
NETGEAR, Inc.	Faro Technologies, Inc.
Plantronics, Inc.	Novanta Inc.
TiVo Corporation	Trimble Inc.
	Ubiquiti Inc.
	Universal Electronics Inc.

This 2019 compensation peer group differs from the 2018 compensation peer group due to the removal of Nautilus, Inc., & Harmonic, Inc. Added to our compensation peer group were Garmin Ltd., Brooks Automation, Inc., Coherent, Inc., & Ubiquiti Inc. The changes to the compensation peer group create better alignment with respect to key financial criteria and companies in comparable industries.

These companies, at the time of the analysis on September 30, 2018, had a trailing 12-month median revenue of approximately \$1.1 billion and a median market capitalization of approximately \$2.4 billion. iRobot at this same time had revenues of nearly \$1 billion and a market capitalization of approximately \$3.0 billion.

The compensation and talent committee reviews all components of compensation for named executive officers. In accordance with its charter, the compensation and talent committee also, among other responsibilities, administers our incentive compensation plan, and reviews management's recommendations on company-wide compensation programs and practices. In setting compensation levels for our executive officers in fiscal 2019, the compensation and talent committee considered many factors in addition to the benchmarking described above, including, but not limited to:

- the scope and strategic impact of the executive officer's responsibilities;
- our past business performance, and future expectations;
- our long-term goals and strategies;
- the performance and experience of each individual;
- retention considerations
- unvested equity holdings
- past compensation levels of each individual and of the named executive officers as a group;
- relative levels of pay among the executive officers;
- the amount of each component of compensation in the context of the executive officer's total compensation and other benefits;
- input from the board with respect to its evaluation of and recommendations for the chief executive officer; and
- input from the chief executive officer with respect to the evaluation of and recommendations for the other named executive officers.

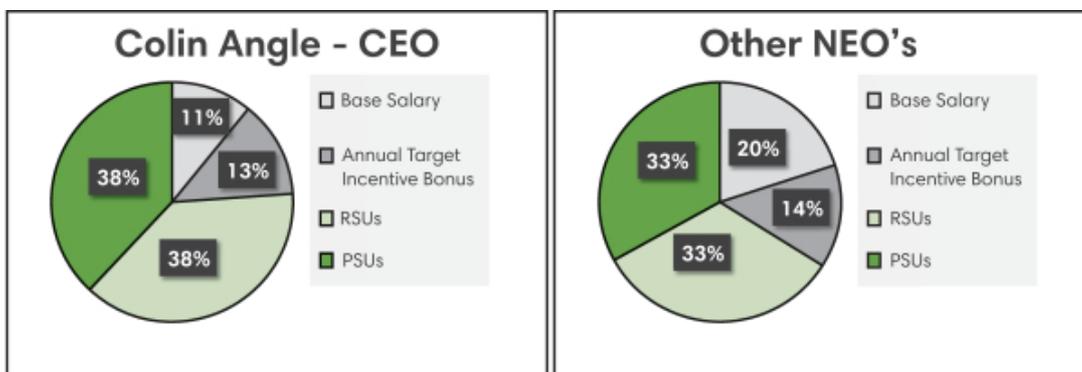

The compensation levels for our executive offers in 2019 were determined in February of 2019. These were determined coming off a 2018 year where we had 24% revenue growth, operating margin of nearly 10%, earnings per share of \$3.18, and a stock price that was trading at an all-time high.

The compensation and talent committee determines compensation for our chief executive officer using the same factors it considers for other executive officers, while placing greater emphasis on performance-based opportunities through long-term equity and short-term cash incentive compensation, which we believe strongly aligns our chief executive officer's interests with our success and the interests of our stockholders. In assessing the compensation paid to our chief executive officer, the compensation and talent committee relies on input from the board of directors on performance and information from our selected peer group benchmarks and its judgment with respect to the factors described above.

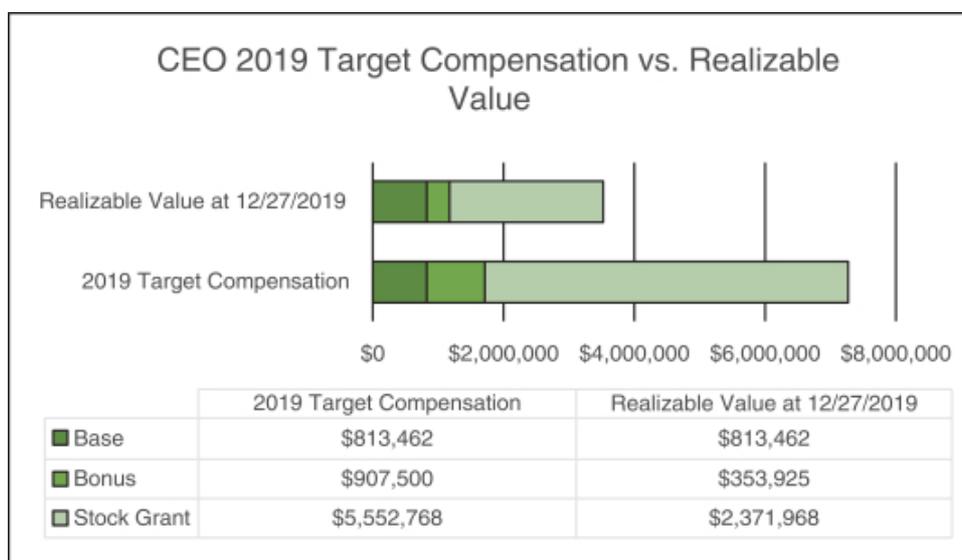

Elements of Compensation and 2019 Annual Target Compensation

Our executive compensation program in 2019 consisted of three primary elements: base salary, annual cash incentives, and long-term equity awards, in the form of time-based RSUs and PSUs. All of our executive officers also are eligible for certain benefits offered to employees generally, including life, health, disability and dental insurance, as well as participation in our 401(k) plan and employee stock purchase plan. We have also entered into executive agreements with our executive officers that provide for certain severance benefits upon termination of employment, including a termination in connection with a change in control of the Company. The target compensation mix for each of our named executive officers was determined at the beginning of 2019 and is summarized in the charts below.

The compensation mix shown above is based on the target amount for each of the elements and does not contemplate the upside and downside opportunity included in our variable incentive plans. Our compensation plans are sensitive to Company performance and emphasize pay that is variable and/or “at risk”. As a result of performance that fell below our expectations during 2019, our CEO’s 2019 realizable pay was 49% of his targeted total compensation, as shown below

Elements of Compensation

Base Salary

Salaries are reviewed on an annual basis and are structured to be within the market competitive range of salaries paid by the peer companies reviewed by the compensation and talent committee in high-technology industries, including consumer electronics and smart technologies. While we generally aim to set base salaries for each of our executives to market competitive levels in our relevant industries, the compensation and talent committee also takes into consideration many additional factors (described below) that we believe are important and have enabled us to attract, motivate and retain a high performing leadership team in an extremely competitive environment.

In 2019, the compensation and talent committee reviewed the base salaries for each of our executive officers, taking into account an assessment of the individual’s responsibilities, experience, individual performance and contribution to our performance, and also generally taking into account the competitive environment for attracting and retaining executives consistent with our business needs, along with those factors previously described. With respect to each of our other named executive officers, our chief executive officer provided a detailed evaluation and recommendation related to base salary adjustments, if any (excluding for himself).

In connection with our annual review process in February 2019 and taking into account the considerations discussed above as well as our strong 2018 performance, the compensation and talent committee made base salary adjustments for Mr. Angle, Ms. Dean, Mr. Cerda, Mr. Weinstein and Mr. Saeger as noted in the table below. These adjustments to salaries were in recognition of

exceptional performance and to ensure we are maintaining a competitive positioning with our peer group and the market. For 2020, base salaries of our named executives were reviewed by the compensation and talent committee, and it was determined not to make any adjustments to our named executive officers' base salaries.

	<u>2018 Base Salary</u>	<u>% Increase</u>	<u>2019 Base Salary</u>	<u>% Increase</u>	<u>2020 Base Salary</u>
Colin M. Angle	\$750,000	10.0%	\$825,000	0%	\$825,000
Alison Dean (1)	\$475,000	5.3%	\$500,000	0%	\$500,000
Glen D. Weinstein	\$380,000	7.9%	\$410,000	0%	\$410,000
Tim Saeger	\$380,000	5.3%	\$400,000	0%	\$400,000
Keith Hartsfield (2)	N/A	N/A	\$400,000	0%	\$400,000

(1) Alison Dean, EVP, Chief Financial Officer has resigned effective May 4, 2020.

(2) Keith Hartsfield, EVP, Chief Product Officer, was hired in September 2019.

We believe that the base salaries of our named executive officers, which range from 11% to 22% as a percentage of total target compensation, are set at an appropriate level to align our compensation mix with our compensation philosophy.

Cash Incentive Compensation

The compensation and talent committee believes that short-term cash incentive compensation for executive officers should be contingent upon successful achievement of significant financial and business objectives and implementation of our business strategy. For our named executive officers, including our chief executive officer, the payment of cash incentive awards is based on an evaluation of achievement against predetermined Company financial and operational metrics in accordance with our Senior Executive Incentive Compensation Plan ("SEICP") adopted by the compensation and talent committee. For each named executive officer, 100% of his or her target cash incentive compensation in 2019 was tied to key Company financial and operating performance measures. We aim to set our cash incentive opportunities for named executive officers to be market competitive for performance at target with actual amounts earned adjusted up or down based on performance achievement, as described below.

For fiscal 2019, the threshold, target and maximum bonus award opportunities under our SEICP for each of our named executive officers, as a percentage of base salary are set forth in the table below. These target bonus amounts were set at levels the compensation and talent committee determined were appropriate to achieve our business plan, which involved growing the Company in a profitable, cost-effective way.

	Incentive Bonus Award Opportunity Payout Scale (% of base salary)		
	Threshold (12.5% of target opportunity) (1)	Target (100%)	Maximum (200% of target opportunity) (2)
Colin M. Angle	13.75%	110.00%	220.00%
Alison Dean	10.00%	80.00%	160.00%
Glen D. Weinstein	8.13%	65.00%	130.00%
Tim Saeger	8.13%	65.00%	130.00%
Glen D. Weinstein	7.5%	60.00%	120.00%
Christian Cerda	10.00%	80.00%	160.00%

- (1) Cash incentive payments are made only if the Company has achieved a specified Adjusted EBITDA hurdle, excluding cash incentive compensation expense.
- (2) This reflects the maximum incentive cash payout levels established under our SEICP for 2019 based on the specific goals established for fiscal 2019.

The following tables summarize the 2019 performance measures, associated weightings and goals for each of the named executive officers under the SEICP, including actual performance achievement. As discussed previously, the payout opportunity ranges from 12.5% of the target incentive opportunity for achieving threshold level of performance to 200% of the target incentive opportunity for achieving maximum level of performance.

Metric	Weightings	Performance Goal				Actual Percentage Earned (as % of target)
		Threshold (12.5%)	Target (100%)	Maximum (200%)	2018 Actual Performance	
\$ in millions						
Adjusted EBITDA, excluding cash incentive compensation expense	50%	\$174.0	\$204.7	\$272.3	\$171.6	0%
Company Revenue	50%	\$1,169.5	\$1,299.5	\$1,599.4	\$1,214.0	39%
Total Payout (as a % of Target)	77%					39%

* Actual percentage earned (as % of target) is relative to the weightings of both metrics, which are 50% respectively.

Adjusted EBITDA (excluding compensation expense) achieved 83.8% of target, which fell below the 85% achievement threshold level to earn a payout, resulting in no payout for this metric.

Revenue achieved 93.4% of target, which fell between threshold and target, resulting in 77% achievement on revenue.

Overall payout as a result of performance of both metrics is 39%.

The compensation and talent committee chose this mix of financial targets for cash incentive compensation because it believes it creates a balanced focus on growth and profitability, and it believes that executive officers should be focused on a small set of critical, team-based financial and operating metrics that reinforce the executive's role and impact the Company's business strategy.

Also, the compensation and talent committee established a minimum level of profitability whereby the available total incentive compensation payout for the entire employee base — including the named executive officers — would be reduced on a dollar-for-dollar basis if Adjusted EBITDA, including cash incentive compensation expense, fell below 156.6 million for the fiscal year.

In 2019, we executed on key elements of our strategy while navigating increasingly challenging market conditions that directly and indirectly impacted our revenue growth, operating profitability and EPS performance. We mobilized to develop and implement a range of strategies in response to both competitive threats and increased tariffs, as well as adjusting our cost structure to preserve profitability resulting from lower-than-anticipated revenue. We plan to continue to refine and execute our strategic priorities moving forward. While we are proud of our accomplishments in 2019, we nevertheless fell short of our Revenue and Adjusted EBITDA goals, which resulted in the following cash awards to the named executive officers for performance in fiscal 2019 pursuant to our SEICP:

	Incentive Bonus Award		
	Original Target Incentive Opportunity	Achievement	SEICP Earned & Paid
Colin M. Angle	\$907,500	39%	\$353,925
Alison Dean	\$400,000	39%	\$156,000
Glen D. Weinstein	\$266,500	39%	\$103,935
Tim Saeger	\$260,000	39%	\$101,400
Keith Hartsfield(1)	\$77,143	39%	\$30,086
Christian Cerda(2)	\$400,000	0%	\$0

- (1) Mr. Hartsfield's bonus award is pro-rated for 2019 based on his hire date of September 3, 2019.
- (2) Mr. Cerda's employment with the Company terminated in September 2019 and, accordingly, he received no bonus award for 2019

Long-Term Incentives

Overview

In 2019, executive officers were eligible to receive a mix of time-based RSUs and PSUs that are intended to promote success by aligning employee financial interests with long-term stockholder value. Long-term incentives are awarded based on various factors primarily relating to the responsibilities of the individual officer or employee, his or her past performance, anticipated future contributions, prior grants, and competitive market and retention considerations as well as the pool of shares available for grant and Company performance. In general, our compensation and talent committee bases its decisions to grant long-term incentives on recommendations of our chief executive officer (for employees other than himself) and the compensation and talent committee's analysis of peer group and industry compensation information, with the intention of keeping the executives' overall compensation at a competitive level with our peer group companies in consumer technology and smart and high-tech industries.

Historically the equity awards we granted to our named executive officers were comprised of a mix of 50% RSUs, 25% PSUs, and 25% stock options. During 2017 and 2018, we implemented a number of changes to our program based on feedback from our investors, as summarized below.

2017 PSU Design Changes:

- Increased the emphasis on PSUs (from 25% to 50%)
- Discontinued the use of stock options (previously 25%)
- Adjusted our PSU design to use a single, three-year performance period (eliminating interim one-year goals and a “catch-up” provision)
- Added the potential to earn above and below target (vs. an “all or nothing” design)

2018 PSU Design Changes

- Shifted the payout metric from operating income as a percentage of revenue to three-year cumulative operating income in dollars

In 2019, we maintained the plan design from 2018 with no changes to it.

The compensation and talent committee believes that our mix of long-term equity awards is market competitive and strongly aligns the incentives of our executives with the interests of our stockholders and the long-term performance of the Company by directly tying a significant portion of the value that may be realized from our equity compensation to the performance of the Company and the value of our stock.

Both RSUs and PSUs are typically granted in March. RSUs vest based on continued service in equal annual installments over four years. PSUs granted in 2019 have three-year cliff vesting based on performance as well as continued service with the Company. Please note that for new hire executives the timing of the grants and mix may vary based on the timing of the hire and other potential factors as part of the recruitment of each executive.

During fiscal year 2019, our compensation and talent committee approved the RSU and PSU awards set forth in the table below to each of our named executive officers.

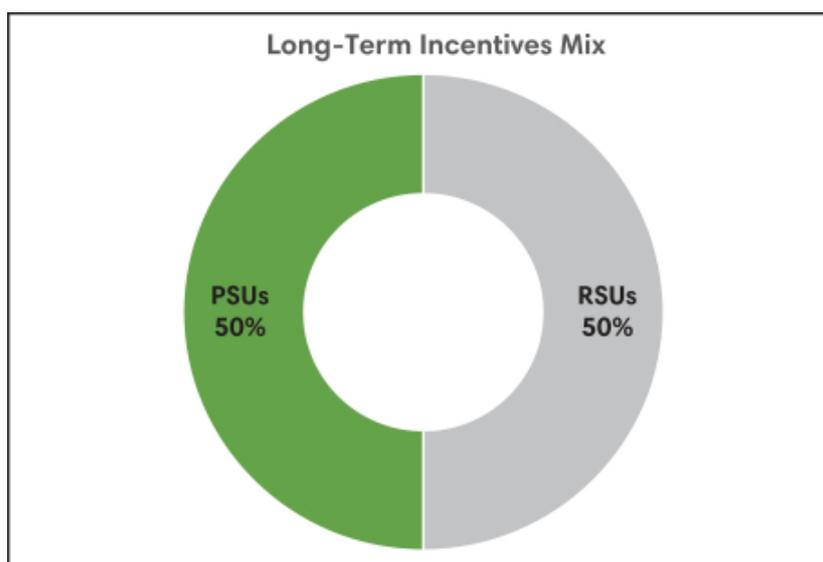

The payout opportunity on the PSUs to be earned at the end of the three-year performance period ranges from 0% for below threshold performance to 200% of the target opportunity for achieving maximum level of performance. At threshold performance, 50% of the target amount is earned and, at target performance, 100% of the target awards is earned. Linear interpolation is used to determine the percentage of the PSUs earned where achievement is between threshold and target and between target and maximum performance levels. The number of PSUs actually earned will be determined at the end of the three-year performance period by measuring the Company’s actual 2019 to 2021 cumulative financial performance against the target performance.

	Grant Date Fair Value (\$)	RSUs (#)	PSUs (# at Threshold) (50% of Target)	PSUs (# at Target)	PSUs (# at Maximum) (200% of Target)
Colin M. Angle	5,552,768	22,720	11,360	22,720	45,440
Alison Dean	1,665,830	6,816	3,408	6,816	13,632
Glen D. Weinstein	1,221,511	4,998	2,499	4,998	9,996
Tim Saeger	1,332,469	5,452	2,726	5,452	10,904
Keith Hartsfield (1)	1,968,782	31,683			
Christian Cerda	1,776,788	7,270	3,635	7,270	14,540

(1) Keith Hartsfield, EVP, Chief Product Officer, received a time-based RSU grant upon his hire in 2019. He did not receive a PSU grant in 2019.

The following chart depicts the mix of PSUs and RSUs in our annual long-term incentive program for 2019:

Performance Share Units

The Company's and the compensation and talent committee's overall goals for selecting metrics for the PSU component of the long-term incentive program include:

- Alignment with business strategy;
- Alignment with stockholder interest in improving long-term business fundamentals;
- Correlation with total stockholder return; and
- Complementary to our short-term incentive metrics and measurement period.

For 2019, the compensation and talent committee determined that operating income was still the optimal metric for our PSU metric. Operating income is also a key financial measure that can be reasonably forecasted over the relevant performance period. We believe using operating income for our PSUs coupled with the revenue component of our short-term incentive plan provides strong focus on, and balance between, important short- and long-term business drivers.

PSUs granted in 2019 will be measured and vested if earned at the end of the three-year performance period based upon performance over the entire three-year period.

As shown in the table below, the number of shares earned at the end of the three-year period will range from 0% to 200% of the target number of PSUs granted based on the Company's performance against a three-year cumulative operating income goal. All financial goals for the three-year cumulative PSU plans were established at the beginning of the three-year performance period. The following table outlines the threshold, target, and maximum operating income goals for the three-year performance period covering 2019 through 2021.

2019-2021 PSU Performance Cycle	Operating Income Performance (in millions)		
	Threshold	Target Range	Maximum
Cumulative Operating Income (\$M)	\$347	\$391 - \$478	\$521
PSUs Eligible for Vesting	50%	100%	200%

The below chart illustrates the payout range for operating income attainment for PSUs granted in 2019.

	2019-2021 PSUs At Threshold, Target & Maximum		
	PSUs At Threshold	PSUs At Target	PSUs Maximum
Colin M. Angle	11,360	22,720	45,440
Alison Dean	3,408	6,816	13,632
Glen D. Weinstein	2,499	4,998	9,996
Tim Saeger	2,726	5,452	10,904
Christian Cerda	3,635	7,270	14,540

PSUs granted in 2018 will be measured and vested if earned at the end of the three-year performance period based upon performance over the entire three-year period. As shown in the table below, the number of shares earned at the end of the three-year period will range from 0% to 200% of the target number of PSUs granted based on the Company's performance against a three-year cumulative operating income goal. All financial goals for the three-year cumulative PSU plans were established at the beginning of the three-year performance period. The following table outlines the threshold, target, and maximum operating income goals for the three-year performance period covering 2018 through 2020.

2018-2020 PSU Performance Cycle	Operating Income Performance (in millions)		
	Threshold	Target Range	Maximum
Cumulative	\$285	\$321 - \$392	\$428
PSUs Eligible for Vesting	50%	100%	200%

The below chart illustrates the payout range for operating income attainment for PSUs granted in 2018.

	2018-2020 PSUs At Threshold, Target & Maximum		
	PSUs At Threshold	PSUs At Target	PSUs Maximum
Colin M. Angle	14,573	29,146	58,292
Alison Dean	4,972	9,944	19,888
Glen D. Weinstein	3,429	6,858	13,716
Tim Saeger	2,571	5,143	10,286
Christian Cerda	5,486	10,972	21,944

For the PSUs granted in 2017, the number of shares earned at the end of the three-year period could have ranged from 0% to 200% of the target number of PSUs granted based on the Company's performance against three-year cumulative operating income percent and revenue goals. The following table outlines the revenue threshold and threshold, target and maximum operating income percent goals for the three-year performance period from 2017 through 2019. Actual performance achieved excludes the impact of the 2017 acquisition of the Company's distributor in Europe.

2017-2019 PSU Performance Cycle	Revenue (in millions)		Operating Income Percent			Actual Performance Achieved	Actual Payout Level Achieved
	Threshold	Actual Performance Achieved	Threshold	Target Range	Maximum		
Cumulative	\$ 2,384	\$3,079	8.2%	9.7% - 10.7%	12.2%	9%	77%

Notice of Annual Meeting of Stockholders and iRobot 2020 Proxy Statement

The below chart illustrates the payout range for operating income percent attainment for PSUs granted in 2017. In order to earn any PSUs, a threshold performance level of 8.2% in operating income percent must have been achieved. To earn 100% of PSUs, achievement of operating income percent must have been at least 9.7%. Achievement above 10.7% operating income percent would earn more than 100% of shares up to a maximum of 200% of shares at 12.2% operating income percent attainment.

For the 2017 PSU Plan, the three-year cumulative revenue achievement was \$3,079 million, exceeding the revenue threshold of the plan. The cumulative operating income percent achievement was 9.0%, exceeding the threshold of 8.2% but falling short of the target range; therefore 77% of the PSUs granted in 2017 were deemed earned and vested. Specifically, the named-executive officers earned the following PSUs with respect to the PSUs granted in 2017:

	2017-2019 PSUs At Threshold, Target & Maximum			
	PSUs At Threshold	PSUs At Target	PSUs Maximum	Total PSUs Earned
Colin M. Angle	18,112	36,225	72,450	27,893
Alison Dean	6,250	12,500	25,000	9,625
Glen D. Weinstein	3,887	7,775	15,550	5,986
Tim Saeger	4,137	8,275	16,550	6,371
Christian Cerda (1)	6,037	12,075	24,150	0

(1) Mr. Cerda's employment with the Company terminated in September 2019 and, accordingly, no portion of his 2017 PSUs vested.

Other Benefits and Perquisites

We also have various broad-based employee benefit plans. Our executive officers participate in these plans on the same terms as other eligible employees, subject to any legal limits on the amounts that may be contributed by or paid to executive officers under these plans. We offer a 401(k) plan, which allows our U.S. employees an opportunity to invest in a wide array of funds on a pre-tax basis. The Company matches up to 3% of eligible pay (\$0.50 on each dollar an employee contributes up to a maximum of 6%). In 2017, we established an employee stock purchase plan for the benefit of all of our U.S., UK and Canadian based employees. We do not provide pension arrangements or post-retirement health coverage for our named executive officers or other employees. We also maintain insurance and other benefit plans for our employees. We offer no perquisites to our executive officers that are not otherwise available to all of our employees.

Stock Ownership Guidelines

We maintain equity ownership guidelines to further align the interests of our senior management and directors with those of our stockholders. Under the guidelines, executives are expected to hold common stock in an amount ranging from two times base salary for our senior executives to six times base salary for our chief executive officer. Our directors are also expected to hold common stock in an amount equal to six times their current cash retainer fee for Board service.

For purposes of these guidelines, stock ownership includes shares for which the executive or director has direct or indirect ownership or control, including stock and in-the-money vested stock options, but does not include unvested restricted stock units or unvested stock options. Executives and

directors are expected to meet their ownership guidelines within five years of becoming subject to the guidelines. All executives and directors are currently meeting or are working to achieve these ownership targets within the five-year time period.

Hedging/Pledging Policy

Since 2005, we have had a written insider trading policy that applies to all of our employees, including officers, and directors. The policy, among other things, prohibits holding Company securities as collateral in a margin account, any hedging transactions, short sales, and puts/calls, and pledging of Company securities as collateral for a loan unless the pledge has been approved by the compensation and talent committee of the board of directors. To date, no such approval has been requested or given.

Executive Agreements

We have entered into executive agreements with each of our named executive officers. The executive agreements provide for severance payments equal to 50% of such officer's annual base salary at the highest annualized rate in effect during the one-year period immediately prior to termination, payable in six equal monthly installments, as well as monthly premium payments for continued health, dental and vision benefits for up to six months following termination, in the event that we terminate his or her employment other than for cause, or his or her death or disability, as each term is defined in the executive agreements. In addition, these executive agreements provide that if we experience a change in control, as defined in the executive agreements, and the employment of such officer is terminated by the Company other than for cause or his or her death or disability at any time within the period beginning on the date that is 45 days prior to the date of the public announcement of the execution of a definitive agreement for a change in control and ending on the first anniversary of the effective date of the change in control, or if such officer terminates his or her employment for good reason, as defined in the executive agreements, during the one-year period following the change in control, then all unvested equity held by such officer becomes fully-vested and immediately exercisable and such officer is entitled to severance payments equal to 200% of his or her annual base salary, at the highest annualized rate in effect during the period beginning in the year prior to the effective date of the change in control and ending on the date of termination of employment, and 200% of such officer's highest target cash incentive with respect to the year prior to the year in which the change in control occurred and ending in the year in which the officer's employment is terminated, each payable in 24 equal monthly installments, as well as monthly premium payments for continued health, dental and vision benefits for up to 24 months following termination. Receipt of the severance payments and benefits under the executive agreements is subject to the executive officer's execution of a separation agreement, including a general release of claims, in a form and of a scope reasonably acceptable to the Company and compliance with any noncompetition, inventions and/or nondisclosure obligations owed to the Company. There are no tax gross-up payable under the executive agreements or otherwise.

Clawback Policy

In 2015, the Company adopted a clawback policy that provides the board of directors discretion to reduce the amount of future compensation (both cash and equity) payable to an executive of the Company for excess proceeds from incentive compensation received by such executive due to a material restatement of financial statements. The clawback period is the three-year period following the filing of any such restated financial statements with the SEC.

Tax Deductibility of Executive Compensation

The Tax Cuts and Jobs Act of 2017, which was signed into law December 22, 2017 made a number of significant changes to Section 162(m) of the Code. Section 162(m) of the Code generally places a \$1 million limit on the amount of compensation a company can deduct in any one year for certain executive officers. While we consider tax deductibility as one factor in determining executive compensation, the compensation and talent committee also looks at other factors in making its decisions, as noted above, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes. Pursuant to the Tax Cut and Jobs Act, the exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our named executive officers and certain other individuals in excess of \$1 million will not be deductible unless it qualifies for the limited transition relief applicable to certain arrangements in place as of November 2, 2017 that are not subsequently materially modified.

Despite our efforts to structure certain performance-based awards in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing the performance-based compensation exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, we reserve the right to modify compensation that was initially intended to be exempt from Section 162(m) if we determine that such modifications are consistent with our business needs. We believe that shareholder interests are best served if its discretion and flexibility in awarding compensation is not restricted, even though some compensation awards may result in non-deductible compensation expenses.

Risk Oversight of Compensation Programs

As part of its annual review, the compensation and talent committee determined that our compensation program for executive officers is not structured to be reasonably likely to present a material adverse risk to us based on the following factors:

- Our compensation program for executive officers is designed to provide a balanced mix of cash and equity and annual and longer-term incentives, including compensation based on the achievement of performance targets.
- The base salary portion of compensation is designed to provide a steady income regardless of our stock price performance so executives do not feel pressured to focus primarily on stock price performance to the detriment of other important business metrics.
- Our time-based RSU grants generally vest over four years.
- Our PSUs vest only if we achieve pre-determined significant long-term metrics designed to drive the long-term interests of our stockholders.
- PSU awards align the interests of our executive officers with the success of our business strategy.
- Maximum payout levels for cash and equity incentives are capped.
- We have adopted a clawback policy that applies to cash and equity incentive compensation.
- The compensation and talent committee engages an independent compensation consultant.
- Our executive incentive programs include multiple performance measurement periods.
- Our stock ownership guidelines align the interests of our executive officers with those of our stockholders.

Compensation Consultant Independence

Pursuant to its charter, the compensation and talent committee has the sole authority to retain, terminate, obtain advice from, oversee and compensate its outside advisors, including its compensation consultant.

The compensation and talent committee retained Pay Governance as its independent executive compensation consultant for 2019. Pay Governance reports directly to the compensation and talent committee, and the compensation and talent committee may replace Pay Governance or hire additional consultants at any time. Pay Governance attends meetings of the compensation and talent committee, as requested, and communicates with the chairman of the compensation and talent committee between meetings; however, the committee makes all decisions regarding the compensation of the Company's executive officers.

Pay Governance provides various executive compensation services to the compensation and talent committee with respect to our executive officers and other key employees at the compensation and talent committee's request. The services Pay Governance provides include advising the compensation and talent committee on the principal aspects of the executive compensation program and evolving best practices and providing market information and analysis regarding the competitiveness of our program design and awards in relationship to our performance.

The compensation and talent committee reviews the services provided by its outside consultants and believes Pay Governance is independent in providing executive compensation consulting services. The compensation and talent committee conducted a specific review of its relationship with Pay Governance, and determined Pay Governance's work for the compensation and talent committee did not raise any conflicts of interest, consistent with the guidance provided under the Dodd-Frank Act and by the SEC and Nasdaq. In making this determination, the compensation and talent committee noted the following:

- Pay Governance did not provide any services to us or our management other than service to the compensation and talent committee (including compensation benchmarking for our senior leadership team), and their services were limited to executive compensation consulting;
- Fees paid by us to Pay Governance represented less than 1.0% of Pay Governance's respective total revenue for the period January 2019 through December 2019;
- Pay Governance maintains a Conflicts Policy and an Insider Trading Policy which is provided to the compensation and talent committee with specific policies and procedures designed to ensure independence;
- None of the Pay Governance consultants on our account had any business or personal relationship with our compensation and talent committee members;
- None of the Pay Governance consultants on our account had any business or personal relationship with our executive officers; and
- None of the Pay Governance consultants on our account directly own shares of our stock.

The compensation and talent committee continues to monitor the independence of its compensation consultant on a periodic basis.

2019 Pay Ratio

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is required to disclose the annual total compensation of our median employee (excluding our chief executive officer), the annual total compensation of our principal executive officer, Chairman of the board of directors and chief executive officer, Colin M. Angle, and the ratio of these two amounts.

In 2019, there was no change in our employee population or employee compensation arrangements that we believe would significantly impact the pay ratio. Accordingly, for purposes of calculating the pay ratio set forth below, we used the same median employee we identified for purposes of our 2018 pay ratio. The Company employed 1,032 employees as of December 29, 2018, when we identified the median employee in 2018.

In evaluating whether to re-determine the "median employee" for 2019, we concluded that changes to the employee population and employee compensation programs would not result in a significant change to the Company's pay ratio disclosure. In particular, we considered the increase in headcount in fiscal 2019, but determined that there was an overall equal distribution of newly hired employees above and below the median during the fiscal year. Accordingly, we believe that we may continue to use the previously-determined "median employee." The Company employed 1,128 employees at the end of fiscal 2019, December 28, 2019.

A Consistently Applied Compensation Measure was used to identify the median employee based on the sum of base pay/regular wages, overtime, bonus, commissions and equity grant date fair value. The Company elected to include bonus payments and equity awards given the broad participation rates in these programs across the employee population. Annualized salary rates for full-time employees and hourly pay rates and actual hours worked were used as reasonable estimates of salary/ wages.

Using the compiled data, the Company determined that the 2019 annual total compensation of our median employee as of December 29, 2018 was \$109,610 and Mr. Angle's annual total compensation for 2019 was \$6,728,555 both of which were calculated in accordance with Item 402(c) of Regulation S-K. The ratio of these amounts was 61:1.

Potential Benefits Upon Termination or Change in Control

Severance and Change in Control Arrangements in General

The Company has entered into executive agreements with each of the named executive officers, the terms of which are described in further detail in the “Compensation Discussion and Analysis” section above.

Cash Payments and/or Acceleration of Vesting Following Certain Termination Events

Assuming the employment of our named executive officers was terminated without cause (not in connection with a change in control) on December 28, 2019, our named executive officers would be entitled to cash payments in the amounts set forth opposite their names in the table below, subject to any deferrals required under Section 409A of the Code. Mr. Cerda has been omitted from this table because his employment with the Company terminated on September 30, 2019 and he did not receive any severance payments or benefits in connection with such termination.

	Base Salary (\$)	Continuation of Health Plan Premium Payments (\$)	Total (\$)
Colin M. Angle	412,500	15,220	427,720
Alison Dean	250,000	13,283	263,283
Glen D. Weinstein	205,000	13,283	218,283
Tim Saeger	200,000	8,008	208,008
Keith Hartsfield	200,000	15,220	215,220

Assuming the employment of our named executive officers was terminated by the Company without cause during the period beginning on the date that is 45 days prior to the date of the public announcement of the execution of a definitive agreement for a change in control and ending on the first anniversary of the effective date of the change in control, or such officers resigned with good reason during the one-year period following a change in control and that such termination or resignation occurred on December 28, 2019, our named executive officers would be entitled to cash payments in the amounts set forth opposite their names in the below table, subject to any delay in payment required under Section 409A of the Code, and acceleration of vesting as set forth in the table below. The total amount payable to each executive officer may be subject to reduction in certain circumstances if the amount would cause the executive officer to incur an excise tax under Section 4999 of the Code. The following table provides the market value (that is, the value based upon our stock price on December 27, 2019, minus the exercise price, if any) of stock options and RSUs or PSUs that would become exercisable or vested as a result of these acceleration events as of December 28, 2019.

The shares will be issued from our 2018 Plan or a subsequent stock option and incentive plan approved by our stockholders.

In 2019, each of our non-employee members of our board of directors was entitled to the following equity compensation:

At the end of the tenth week of the fiscal quarter in which our annual meeting of stockholders occurs, each re-elected non-employee director receives a grant of RSUs having a fair market value of \$175,000, which vests in full on the first anniversary of such grant.

All of our directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the board of directors.

Transactions with Related Persons

Mr. Miller has served as a member of our board of directors since September 2017 and served as the Chief Financial Officer of PTC Inc. ("PTC"), which provided engineering software and cloud services to the Company, until May 2019. In fiscal year 2019, the Company paid to PTC approximately \$513,577 in consideration for these services.

Other than the payments to PTC described above and the compensation agreements and other arrangements which are described in the “Compensation Discussion and Analysis” section of this Proxy Statement, in 2019, there was no transaction or series of similar transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000 and in which any director, executive officer, holder of five percent or more of any class of our capital stock or any member of their immediate family had or will have a direct or indirect material interest.

Our board of directors has adopted a written related party transaction approval policy, which sets forth our policies and procedures for the review, approval or ratification of any transaction required to be reported in our filings with the SEC. Our policy with regard to related party transactions is that all related party transactions are to be reviewed by our general counsel, who will determine whether the contemplated transaction or arrangement requires the approval of the board of directors, the nominating and corporate governance committee, both or neither.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the board of directors has retained PricewaterhouseCoopers LLP ("PwC"), independent registered public accounting firm, to serve as independent registered public accountants for our 2020 fiscal year. PwC has served as our independent registered public accounting firm since 1999. The Company is asking stockholders to ratify the selection by the audit committee of the board of directors of PwC as our independent auditors for the 2020 fiscal year. Although ratification by the stockholders is not required by law, the board of directors has determined that it is desirable to request approval of this selection by the stockholders as a matter of good corporate governance. In the event the stockholders fail to ratify the appointment of PwC, the audit committee will consider this factor when making any determinations regarding PwC.

Independence and Quality

As provided in the audit committee charter, the audit committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditors for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the company. Each year, the audit committee considers whether to retain PwC and whether such service continues to be in the best interests of the Company and our stockholders. Among other things, the audit committee considers:

- the quality and scope of the audit;
- the independence of PwC;
- the performance of the lead engagement partner, the number of people staffed on the engagement team, and the quality of the engagement team, including the quality of the audit committee's ongoing communications with and the capability and expertise of the team;
- PwC's tenure as our independent auditor and its familiarity with our global operations and business, accounting policies and practices, and internal controls over financial reporting; and
- external data relating to audit quality and performance, including recent PCAOB inspection reports available for PwC.

Based on this evaluation, the members of the audit committee and the board of directors believe that PwC is independent and that it is in the best interests of the Company and its stockholders to retain PwC to serve as its independent auditors for the fiscal year 2020.

The audit committee is also responsible for selecting the lead engagement partner. The rules of the SEC and PwC's policies require mandatory rotation of the lead engagement partner every five years. In 2015, the audit committee selected a new lead engagement partner to begin in the 2016 fiscal year. During 2015, the audit committee, including the chair of the audit committee, were directly involved in the selection of the new lead engagement partner. The process for selecting a new lead engagement partner was fulsome and allowed for thoughtful consideration of multiple candidates, each of whom met a list of specified criteria. The process included discussions between the chair of the audit committee and PwC as to all of the final candidates under consideration for the position, meetings with the full audit committee and management, and robust interviews with the final candidates.

Pre-Approval of Audit and Non-audit Services

The audit committee has implemented procedures under our audit committee pre-approval policy for audit and non-audit services (the "Pre-Approval Policy") to ensure that all audit and permitted non-audit services to be provided to us have been pre-approved by the audit committee. Specifically, the audit committee pre-approves the use of PwC for specified audit and non-audit services, within approved monetary limits. If a proposed service has not been pre-approved pursuant to the Pre-Approval Policy, then it must be specifically pre-approved by the audit committee before it may be provided by PwC. Any pre-approved services exceeding the pre-approved monetary limits require specific approval by the audit committee. For additional information concerning the audit committee and its activities with PwC, see "The Board of Directors and Its Committees" and "Report of the Audit Committee of the Board of Directors."

Representatives of PwC attended all of the standard audit committee meetings in 2019. We expect that a representative of PwC will attend the annual meeting, and the representative will have an opportunity to make a statement if he or she so desires. The representative will also be available to respond to appropriate questions from stockholders.

PROPOSAL 3

APPROVAL OF AMENDMENTS TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO ELIMINATE SUPERMAJORITY VOTING REQUIREMENTS

At our 2014 annual meeting of stockholders, our stockholders voted to request that our board of directors take the steps necessary so that each voting requirement in our existing amended and restated certificate of incorporation (the "Existing Certificate") and by-laws that calls for a greater than a simple majority vote be eliminated and replaced by a majority voting standard.

In each year from 2015 to 2019, our nominating and corporate governance committee and our board of directors determined it was appropriate to propose the amendments described below, and included the proposal described below in our Proxy Statement for the respective annual meeting. As detailed in the table below, despite receiving the affirmative votes of a majority of holders of the outstanding shares at each respective annual meeting, in each year the proposal failed to receive the affirmative vote of holders of 75% of the outstanding shares, which is required for approval.

Our board of directors continues to believe that the amendments to the Existing Certificate described below and set forth in the Certificate of Amendment attached to this Proxy Statement as [Annex A](#) are in the best interests of the Company's stockholders, and, in light of the strong support received at the 2015 to 2019 annual meetings, our board of directors has unanimously adopted a resolution approving and declaring the advisability of the Certificate of Amendment, which changes the voting provisions in the Existing Certificate as follows:

Removal of Directors; Article VI, Section 5 - Currently, the approval of the holders of 75% or more of the shares of the Company entitled to vote at an election of directors is required to remove a director from office prior to the expiration of his or her term with cause. If this proposal is approved, stockholders will have the ability to remove a director from office prior to the expiration of his or her term with cause and the affirmative vote of a majority of the shares of the Company entitled to vote at an election of directors, which is the lowest allowable vote threshold under Delaware law; provided, however, that if Proposal 4 is approved by stockholders, the ability to remove will be without cause.

By-law Amendments; Article VIII, Section 2 - Currently, the Existing Certificate allows stockholders to amend or repeal our by-laws if at least 75% of the shares of the Company entitled to vote on such matter vote in favor of the amendment or repeal. If this proposal is approved, stockholders will have the ability to amend our by-laws with the affirmative vote of a majority of the shares cast and entitled to vote on such matter (with "abstentions," "broker non-votes," and "withheld" votes not counted as a vote either "for" or "against" such amendment or repeal).

Amendments to Certain Provisions of the Certificate of Incorporation; Article IX - Currently, the approval of at least 75% of the shares of the Company entitled to vote on such matter is required to amend or repeal Articles V, VI, VII, VIII or IX of the Existing Certificate, which address, among other things, actions by written consent of stockholders, special meetings of stockholders requirements and procedures for electing and removing board members and filling vacancies, limitation of liability of directors, by-law amendments, and amendments of the Existing Certificate. If this proposal is approved, the threshold approval for stockholders to amend or repeal these provisions will be a vote of the majority of the outstanding shares of the Company entitled to vote on such amendment or repeal, which is the lowest allowable vote threshold under Delaware law.

This description of the proposed amendments to our Existing Certificate is a summary and is qualified by the full text of the proposed Certificate of Amendment to our Existing Certificate, which is attached to this Proxy Statement as [Annex A](#) and is incorporated herein by reference.

To be approved, the proposed Certificate of Amendment requires an affirmative vote of holders of 75% of the outstanding shares entitled to vote on the record date. If approved, the Certificate of Amendment will become effective upon filing with the Secretary of State of the State of Delaware, which we would do promptly after the annual meeting.

PROPOSAL 4

APPROVAL OF AMENDMENTS TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS

At our 2015 annual meeting of stockholders, our stockholders voted to request that our board of directors take the steps necessary to reorganize the board of directors into one class with each director subject to election each year. As part of the request, our stockholders proposed that the Company would have the option to phase such declassification in over three years.

In 2016, our board of directors, after carefully considering the advantages and disadvantages of reorganizing the board of directors into one class with each director subject to election each year, unanimously adopted a resolution approving and declaring the advisability of amendments to our Existing Certificate that would declassify our board of directors over a three-year period and provide for the annual election of all of our directors commencing at the 2017 annual meeting, subject to obtaining approval of such amendments by our stockholders at the 2016 annual meeting.

Despite receiving the affirmative votes of holders of a majority of the outstanding shares at the 2016 annual meeting, the proposal failed to receive the affirmative vote of holders of 75% of the outstanding shares, which is the required threshold for approval of the proposal.

In 2017, 2018 and 2019, our board of directors, after further careful consideration, unanimously adopted a resolution approving and declaring the advisability of amendments to our Existing Certificate that would immediately declassify our board of directors and provide for the annual election of all of our directors commencing at the next scheduled annual meeting, subject to obtaining approval of such amendments by our stockholders. Despite receiving the affirmative votes of a majority of holders of the outstanding shares at each respective annual meeting, in each year 2017 to 2019, the proposal failed to receive the affirmative vote of holders of 75% of the outstanding shares, which is required for approval. The table below details the voting results on proposals to declassify our board of directors since 2016:

Year	For	Against	Abstentions	Broker Non-Votes
2019	18,508,599	114,069	49,050	5,749,298
2018	14,932,946	57,771	69,144	6,363,508
2017	18,910,693	121,045	54,013	4,221,576
2016	19,752,012	318,969	220,756	202,522

Our board of directors continues to believe that the amendments to the Existing Certificate described below and set forth in the Certificate of Amendment attached to this Proxy Statement as Annex B are in the best interests of the Company's stockholders and has again unanimously adopted a resolution approving and declaring the advisability of amendments to our Existing Certificate to declassify the board of directors commencing at the 2021 annual meeting, subject to approval by the Company's stockholders. If this Proposal 4 is approved by the stockholders, the terms for all directors will end at the 2021 annual meeting, and commencing with the 2021 annual meeting, all directors will be elected for one-year terms at each subsequent annual meeting. If this Proposal 4 is approved, any director appointed by the board of directors as a result of a newly created directorship or to fill a vacancy would hold office until the next occurring annual meeting.

Article VI, Section 3 of our Existing Certificate currently provides that our directors are divided into three classes, with each class serving a three-year term. Under the proposed amendments to our Existing Certificate in this Proposal 4, Article VI, Section 3 of the Existing Certificate would be amended to eliminate the classified board structure. If the proposed amendments are approved, commencing

with the 2021 annual meeting of stockholders, all directors will stand for election for one-year terms expiring at the next succeeding annual meeting of stockholders. In all cases, each director will hold office until his or her successor is duly elected and qualified or until his or her earlier resignation or removal. Any director appointed to the board of directors to fill a vacancy following the 2021 annual meeting of stockholders will hold office for a term expiring at the next annual meeting of stockholders following such appointment. Corresponding changes related to the declassification of the board will be made to Article VI, Section 4 of the Existing Certificate pertaining to vacancies on the board of directors. Article VI, Section 5 of the Existing Certificate, which currently provides that directors may be removed by stockholders only for cause, will also be amended to allow for removal of directors without cause. If the stockholders do not approve this Proposal 4, our board of directors will remain classified and our directors will continue to be subject to the classifications set forth in our Existing Certificate.

This description of the proposed amendments to our Existing Certificate is a summary and is qualified by the full text of the proposed Certificate of Amendment to our Existing Certificate, which is attached to this Proxy Statement as [Annex B](#) and is incorporated herein by reference.

To be approved, the proposed Certificate of Amendment requires an affirmative vote of holders of 75% of the outstanding shares entitled to vote on the record date. If approved, the proposed Certificate of Amendment will become effective upon filing with the Secretary of State of the State of Delaware, which we would do promptly after the annual meeting.

PROPOSAL 5

APPROVAL OF AMENDMENT TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO ELIMINATE THE PROHIBITION ON STOCKHOLDERS' ABILITY TO CALL A SPECIAL MEETING

Our Existing Certificate and our by-laws provide that special meetings of the stockholders may be called only by the affirmative vote of a majority of the board of directors.

As part of our board of directors' ongoing review of corporate governance practices, the board of directors has reviewed and considered the advantages and disadvantages of permitting stockholders to call special meetings. Stockholder-called special meetings may divert management's time away from the Company's day-to-day operations and involve significant organization, distribution, legal and other costs, which may ultimately be counter to the best interest of the Company's stockholders as a whole. The board of directors also recognizes that the ability to call special meetings would allow stockholders to convene to vote on matters outside of the annual meeting that are important to the Company's growth and success. As a result, our board of directors believes that stockholders, or groups of stockholders, owning at least 25% of the Company's outstanding common stock (the "Requisite Threshold") should have the ability to call special meetings.

In 2017, 2018 and 2019, our board of directors unanimously adopted a resolution approving and declaring the advisability of an amendment to our Existing Certificate to eliminate the prohibition on stockholders' ability to call a special meeting, subject to obtaining approval of such amendments by our stockholders.

As detailed in the table below, despite receiving the affirmative votes of a majority of holders of the outstanding shares at the 2017, 2018 and 2019 annual meetings, the proposal failed to receive the affirmative vote of holders of 75% of the outstanding shares, which is the required threshold for approval of the proposal.

Year	For	Against	Abstentions	Broker Non-Votes
2019	18,450,183	119,269	102,266	5,749,298
2018	14,945,267	62,032	52,562	6,363,508
2017	18,948,123	97,937	39,691	4,221,576

Our board of directors continues to believe that the amendment to the Existing Certificate to eliminate the prohibition on stockholders' ability to call a special meeting is in the best interests of the Company's stockholders and has again unanimously adopted a resolution approving and declaring the advisability of an amendment to our Existing Certificate to remove the first sentence of Article V, Section 2, which provides that special meetings may only be called by the affirmative vote of a majority of the board of directors, subject to approval by the Company's stockholders.

If this proposal is approved by the stockholders, we will make conforming amendments to our by-laws to establish the requirements and procedures for stockholders to call special meetings (the "By-law Amendment"). The By-law Amendment will provide that stockholders, or groups of stockholders, holding the Requisite Threshold may direct the Company's Secretary to call special meetings.

The above description of the proposed amendment to our Existing Certificate is a summary and is qualified by the full text of the proposed Certificate of Amendment to our Existing Certificate, which is attached to this Proxy Statement as [Annex C](#) and is incorporated herein by reference.

To be approved, the proposed Certificate of Amendment requires an affirmative vote of holders of 75% of the outstanding shares entitled to vote on the record date. If approved, the proposed Certificate of Amendment will become effective upon filing with the Secretary of State of the State of Delaware, which we would do promptly after the annual meeting.

Notice of Annual Meeting of Stockholders and iRobot 2020 Proxy Statement

PROPOSAL 6

APPROVAL OF AN AMENDMENT TO THE 2018 STOCK OPTION AND INCENTIVE PLAN

The board of directors believes that stock-based incentive awards can play an important role in the success of the Company by encouraging and enabling the employees, officers, non-employee directors and consultants of the Company and its subsidiaries upon whose judgment, initiative and efforts the Company largely depends for the successful conduct of its business to acquire a proprietary interest in the Company. The board of directors believes that providing such persons with a direct stake in the Company assures a closer identification of the interests of such individuals with those of the Company and its stockholders, thereby stimulating their efforts on the Company's behalf and strengthening their desire to remain with the Company.

The board of directors and the Company's stockholders previously adopted the iRobot Corporation 2018 Stock Option and Incentive Plan (the "2018 Plan"). On March 24, 2020, the board of directors adopted an amendment to the 2018 Plan (the "Plan Amendment" and the 2018 Plan, as amended by the Plan Amendment, the "Amended 2018 Plan"), subject to stockholder approval, to increase the aggregate number of shares authorized for issuance under the 2018 Plan by 745,000 shares, subject to adjustment as provided for in the Amended 2018 Plan. The Plan Amendment is designed to enhance the flexibility to grant equity awards to our officers, employees, non-employee directors and consultants and to ensure that we can continue to grant equity awards to eligible recipients at levels determined to be appropriate by the board of directors and/or the compensation and talent committee. A copy of the 2018 Plan as amended by the Plan Amendment is attached as [Annex D](#) to this Proxy Statement and is incorporated herein by reference.

We are requesting that shareholders approve the proposed Plan Amendment. If this proposal is approved by our stockholders at the 2020 Annual Meeting, the Plan Amendment providing for the additional 745,000 shares will become effective on the date of the 2020 Annual Meeting. If stockholders do not approve this proposal, the proposed 745,000 additional shares will not become available for issuance under the 2018 Plan. The 2018 Plan will otherwise remain in effect in accordance with its terms. In such event, the board of directors will consider whether to adopt alternative arrangements based on its assessment of our needs. We believe that the proposed share pool increase to the 2018 Plan pursuant to the Plan Amendment is reasonable, appropriate, and in the best interests of our stockholders.

As of March 25, 2020, there were stock options to acquire 285,638 shares of common stock outstanding under our equity compensation plans, with a weighted average exercise price of \$36.63 and a weighted average remaining term of 2.54 years. In addition, as of March 25, 2020, there were 918,722 unvested full value awards with time-based vesting and 255,996 unvested full value awards with performance vesting outstanding at target under our equity compensation plans. Other than the foregoing, no awards under our equity compensation plans were outstanding as of March 25, 2020. As of March 25, 2020, there were 930,947 shares of common stock available for awards under our equity compensation plans.

Summary of Material Features of the Amended 2018 Plan

The material features of the Amended 2018 Plan are:

- The maximum number of shares of common stock to be issued under the Amended 2018 Plan is 2,495,000;

- The award of stock options (both incentive and non-qualified options), stock appreciation rights, restricted stock, restricted stock units, unrestricted stock, cash-based awards, and dividend equivalent rights and is permitted;
- Shares tendered or held back for taxes will not be added back to the reserved pool under the Amended 2018 Plan. Upon the exercise of a stock appreciation right that is settled in shares of common stock, the full number of shares underlying the award will be charged to the reserved pool. Additionally, shares we reacquire on the open market will not be added to the reserved pool under the Amended 2018 Plan;
- Stock options and stock appreciation rights will not be repriced in any manner without stockholder approval;
- The value of all awards awarded under the Amended 2018 Plan and all other cash compensation paid by us to any non-employee director in any calendar year may not exceed \$750,000 and no more than 50,000 shares of common stock may be issued pursuant to awards under the Amended 2018 Plan to non-employee directors in any calendar year;
- Minimum vesting of one year required for all equity awards, other than a limited number of excepted awards under the Amended 2018 Plan;
- Any dividends or dividend equivalents payable with respect to any equity award are subject to the same vesting provisions as the underlying award;
- Any material amendment to the Amended 2018 Plan is subject to approval by our stockholders; and
- The term of the Amended 2018 Plan will expire on March 23, 2028.

Based solely on the closing price of our common stock as reported by Nasdaq on March 25, 2020 and the maximum number of shares that would have been available for awards as of such date under the Amended 2018 Plan had it been in effect on such date, the maximum aggregate market value of the common stock that could potentially be issued under the Amended 2018 Plan is \$112,674,200. The shares of common stock underlying any awards that are forfeited, canceled or otherwise terminated, other than by exercise, under the Amended 2018 Plan or the iRobot Corporation 2015 Stock Option and Incentive Plan (the "2015 Plan") will be added back to the shares of common stock available for issuance under the Amended 2018 Plan. Shares tendered or held back upon exercise of a stock option or settlement of an award under the Amended 2018 Plan to cover the exercise price or tax withholding and (ii) shares subject to a stock appreciation right that are not issued in connection with the stock settlement of the stock appreciation right upon exercise thereof, will not be added back to the shares of common stock available for issuance under the Amended 2018 Plan. In addition, shares of common stock repurchased on the open market will not be added back to the shares of common stock available for issuance under the Amended 2018 Plan.

Rationale for Share Increase

The Plan Amendment is critical to our ongoing effort to build stockholder value. Equity incentive awards are an important component of our executive and non-executive employees' compensation. Our compensation and talent committee and the board of directors believe that we must continue to offer a competitive equity compensation program in order to attract, retain and motivate the talented and qualified employees necessary for our continued growth and success.

We manage our long-term stockholder dilution by limiting the number of equity incentive awards granted annually. The compensation and talent committee carefully monitors our annual net burn rate, total dilution and equity expense in order to maximize stockholder value by granting only the number of

equity incentive awards that it believes are necessary and appropriate to attract, reward and retain our employees. Our compensation philosophy reflects broad-based eligibility for equity incentive awards for high performing employees. By doing so, we link the interests of those employees with those of our stockholders and motivate our employees to act as owners of the business.

Burn Rate

The following table sets forth information regarding historical awards granted and earned for the 2017 through 2019 fiscal year period, and the corresponding burn rate, which is defined as the number of shares subject to equity-based awards granted in a year divided by the weighted average number of shares of common stock outstanding for that year, for each of the last three fiscal years:

Share Element	2017	2018	2019
Stock Options Granted	10,975	—	—
Time-Based Full-Value Awards Granted	396,164	307,614	407,325
Performance-Based Full-Value Awards Granted	105,650	91,538	70,827
Performance-Based Full-Value Awards Vested	24,792	56,259	78,943
Total Awards Granted	512,789	399,152	478,152
Weighted average common shares outstanding during the fiscal year	27,611,325	27,692,343	28,096,864
Annual Burn Rate	1.86%	1.44%	1.70%
Three-Year Average Burn Rate		1.67%	

The compensation and talent committee determined the size of the increase to the reserved pool under the Plan Amendment based on projected equity awards to anticipated new hires, projected annual equity awards to existing employees and an assessment of the magnitude of increase that our institutional investors and the firms that advise them would likely find acceptable. We anticipate that if our request to increase the share reserve is approved by our stockholders, it will be sufficient to provide equity incentives to attract, retain, and motivate employees for a period of three years or less following the effective date of the Plan Amendment.

Summary of the Amended 2018 Plan

The following description of certain features of the Amended 2018 Plan is intended to be a summary only. The summary is qualified in its entirety by the full text of the 2018 Plan, which was filed as an exhibit to the Company's Registration Statement on Form S-8 filed with the SEC on June 7, 2018 and is incorporated herein by reference, and the Plan Amendment, which is attached hereto as [Annex D](#).

Administration. The Amended 2018 Plan will be administered by the compensation and talent committee. The compensation and talent committee has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the Amended 2018 Plan. The compensation and talent committee may delegate to our chief executive officer or another executive officer or a committee comprised of the chief executive officer and another officer or officers of the Company the authority to grant awards to employees who are not subject to the reporting and other provisions of Section 16 of the Exchange Act and not members of the delegated committee, subject to certain limitations and guidelines.

Eligibility; Plan Limits. All full-time and part-time officers, employees, non-employee directors and consultants are eligible to participate in the Amended 2018 Plan, subject to the discretion of the administrator. As of March 25, 2020, approximately 1,161 individuals would have been eligible to participate in the Amended 2018 Plan had it been effective on such date, which includes six executive officers, 1,147 employees who are not executive officers, and eight non-employee directors. There are certain limits on the number of awards that may be granted under the Amended 2018 Plan. For example, no more than 2,495,000 shares of common stock may be granted in the form of incentive stock options.

Director Compensation Limit. The Amended 2018 Plan provides that the value of all awards awarded under the Amended 2018 Plan and all other cash compensation paid by the Company to any non-employee director in any calendar year shall not exceed \$750,000 and no more than 50,000 shares of common stock may be issued pursuant to awards under the Amended 2018 Plan to any non-employee director in any calendar year.

Minimum Vesting Period. The minimum vesting period for each equity award granted under the Amended 2018 Plan must be at least one year, provided (1) that up to 5% of the shares authorized for issuance under the Amended 2018 Plan may be utilized for unrestricted stock awards or other equity awards with a minimum vesting period of less than one year and (2) annual awards to non-employee directors that occur in connection with the Company's annual meeting of stockholders may vest on the date of the Company's next annual meeting of stockholders but in no event shall the vesting period for such awards be less than 50 weeks. In addition, the administrator may grant equity awards that vest within one year (i) if such awards are granted as substitute awards in replacement of other awards (or awards previously granted by an entity being acquired (or assets of which are being acquired)) that were scheduled to vest within one year or (ii) if such awards are being granted in connection with an elective deferral of cash compensation that, absent a deferral election, otherwise would have been paid to the grantee within the one year.

Stock Options. The Amended 2018 Plan permits the granting of (1) options to purchase common stock intended to qualify as incentive stock options under Section 422 of the Code and (2) options that do not so qualify. Options granted under the Amended 2018 Plan will be non-qualified options if they fail to qualify as incentive options or exceed the annual limit on incentive stock options. Incentive stock options may only be granted to employees of the Company and its subsidiaries. Non-qualified options may be granted to any persons eligible to receive incentive options and to non-employee directors and consultants. The option exercise price of each option will be determined by the compensation and talent committee but may not be less than 100% of the fair market value of the common stock on the date of grant. Fair market value for this purpose will be the last reported sale price of the shares of common stock on Nasdaq on the date immediately preceding the grant date. The exercise price of an option may not be reduced after the date of the option grant, other than to appropriately reflect changes in our capital structure.

The term of each option will be fixed by the compensation and talent committee and may not exceed ten years from the date of grant. The compensation and talent committee will determine at what time or times each option may be exercised. Options may be made exercisable in installments and the exercisability of options may be accelerated by the compensation and talent committee. In general, unless otherwise permitted by the compensation and talent committee, no option granted under the Amended 2018 Plan is transferable by the optionee other than by will or by the laws of descent and distribution or pursuant to a domestic relations order, and options may be exercised during the optionee's lifetime only by the optionee, or by the optionee's legal representative or guardian in the case of the optionee's incapacity.

Upon exercise of options, the option exercise price must be paid in full either in cash, by certified or bank check or other instrument acceptable to the compensation and talent committee or by delivery (or attestation to the ownership) of shares of common stock that are beneficially owned by the optionee and that are not subject to risk of forfeiture. Subject to applicable law, the exercise price may also be delivered to the Company by a broker pursuant to irrevocable instructions to the broker from the optionee. In addition, the compensation and talent committee may permit non-qualified options to be exercised using a net exercise feature which reduces the number of shares issued to the optionee by the number of shares with a fair market value equal to the exercise price.

To qualify as incentive options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options that first become exercisable by a participant in any one calendar year.

Stock Appreciation Rights. The compensation and talent committee may award stock appreciation rights subject to such conditions and restrictions as the compensation and talent committee may determine. Stock appreciation rights entitle the recipient to cash or shares of common stock equal to the value of the appreciation in the stock price over the exercise price. The exercise price is the fair market value of the common stock on the date of grant. The term of a stock appreciation right may not exceed ten years.

Restricted Stock. The compensation and talent committee may award shares of common stock to participants subject to such conditions and restrictions as the compensation and talent committee may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with us through a specified restricted period. During the vesting period, restricted stock awards may be credited with dividend equivalent rights (but dividend equivalents payable with respect to restricted stock awards shall not be paid unless and until the applicable performance goals are attained and/or the continued employment periods are completed).

Restricted Stock Units. The compensation and talent committee may award restricted stock units to participants. Restricted stock units are ultimately payable in the form of cash or shares of common stock subject to such conditions and restrictions as the compensation and talent committee may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with the Company through a specified vesting period. In the compensation and talent committee's sole discretion, it may permit a participant to make an advance election to receive a portion of his or her future cash compensation otherwise due in the form of a restricted stock unit award, subject to the participant's compliance with the procedures established by the compensation and talent committee and requirements of Section 409A of the Code. During the deferral period, the deferred stock awards may be credited with dividend equivalent rights.

Unrestricted Stock Awards. The compensation and talent committee may also grant shares of common stock which are free from any restrictions under the Amended 2018 Plan. Unrestricted stock may be granted to any participant in recognition of past services or other valid consideration and may be issued in lieu of cash compensation due to such participant.

Dividend Equivalent Rights. The compensation and talent committee may grant dividend equivalent rights to participants, which entitle the recipient to receive credits for dividends that would be paid if the recipient had held specified shares of common stock. Dividend equivalent rights granted as a component of another award (other than a stock option or stock appreciation right) may be paid only if the related award becomes vested. Dividend equivalent rights may not be granted as a component of a stock option or stock appreciation right award. Dividend equivalent rights may be settled in cash, shares of common stock or a combination thereof, in a single installment or installments, as specified in the award.

Cash-Based Awards. The compensation and talent committee may grant cash bonuses under the Amended 2018 Plan to participants. The cash bonuses may be subject to the achievement of certain performance goals.

Change of Control Provisions. The Amended 2018 Plan provides that upon the effectiveness of a “sale event,” as defined in the Amended 2018 Plan, all awards will terminate in connection with a sale event unless they are assumed, substituted, or continued by the successor entity. To the extent the parties to the sale event do not provide for awards under the Amended 2018 Plan to be assumed, substituted or continued by the successor entity, awards of stock options and stock appreciation rights will become exercisable prior to their termination. In addition, the Company may make or provide for payment, in cash or in kind, to participants holding options and stock appreciation rights equal to the difference between the per share cash consideration and the exercise price of the options or stock appreciation rights. The compensation and talent committee shall also have the option to make or provide for a payment, in cash or in kind, to grantees holding other awards in an amount equal to the per share cash consideration multiplied by the number of vested shares under such awards. Unless otherwise determined by our board of directors, any repurchase rights or other rights of the Company that relate to an award will continue to apply to consideration (including cash) that has been substituted, assumed, amended or paid in connection with a sale event.

Adjustments for Stock Dividends, Stock Splits, Etc. The Amended 2018 Plan requires the compensation and talent committee to make appropriate adjustments to the number of shares of common stock that are subject to the Amended 2018 Plan, to certain limits in the Amended 2018 Plan, and to any outstanding awards to reflect stock dividends, stock splits, extraordinary cash dividends and similar events.

Tax Withholding. Participants in the Amended 2018 Plan are responsible for the payment of any federal, state or local taxes that the Company is required by law to withhold upon the exercise of options or stock appreciation rights or vesting of other awards. Subject to approval by the compensation and talent committee, participants may elect to have their tax withholding obligations satisfied by authorizing the Company to withhold shares of common stock to be issued pursuant to exercise or vesting. The compensation and talent committee may also require awards to be subject to mandatory share withholding up to the required withholding amount.

Amendments and Termination. The board of directors may at any time amend or discontinue the Amended 2018 Plan and the compensation and talent committee may at any time amend or cancel any outstanding award for the purpose of satisfying changes in the law or for any other lawful purpose. However, no such action may adversely affect any rights under any outstanding award without the holder’s consent. To the extent required under Nasdaq rules, any amendments that materially change the terms of the Amended 2018 Plan will be subject to approval by our stockholders. Amendments shall also be subject to approval by our stockholders if and to the extent determined by the compensation and talent committee to be required by the Code to preserve the qualified status of incentive options.

Effective Date of Plan. The 2018 Plan was originally approved by our board of directors on March 26, 2018, and approved by our stockholders on May 23, 2018. The Plan Amendment was approved by the board of directors on March 24, 2020. Awards of incentive options may be granted under the Amended 2018 Plan until March 23, 2028. No other awards may be granted under the Amended 2018 Plan after the date that is ten years from the date of stockholder approval of the Plan Amendment.

New Plan Benefits

Because the grant of awards under the Amended 2018 Plan is within the discretion of the compensation and talent committee, the Company cannot determine the dollar value or number of shares of common stock that will in the future be received by or allocated to any participant in the Amended 2018 Plan. Accordingly, in lieu of providing information regarding benefits that will be received under the Amended 2018 Plan, the following table provides information concerning the benefits that were received by the following persons and groups during 2019: each named executive officer; all current executive officers, as a group; all current directors who are not executive officers, as a group; and all current employees who are not executive officers, as a group.

- (1) The valuation of stock awards is based on the grant date fair value computed in accordance with ASC Topic 718 disregarding any estimates of forfeitures. The grant date fair value is the fair market value of our common stock on the date of grant multiplied by the number of shares of common stock underlying such stock award.

Tax Aspects under the Code

The following is a summary of the principal federal income tax consequences of certain transactions under the Amended 2018 Plan. It does not describe all federal tax consequences under the Amended 2018 Plan, nor does it describe state or local tax consequences.

Incentive Options. No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If shares of common stock issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (i) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (ii) the Company will not be entitled to any deduction for federal income tax purposes. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If shares of common stock acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a "disqualifying disposition"), generally (i) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares of common stock at exercise (or, if less, the amount realized on a sale of such shares of common stock) over the option price thereof, and (ii) we will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the incentive option is paid by tendering shares of common stock.

If an incentive option is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a non-qualified option. Generally, an incentive option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply.

Non-Qualified Options. No income is realized by the optionee at the time a non-qualified option is granted. Generally (i) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares of common stock on the date of exercise, and we receive a tax deduction for the same amount, and (ii) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares of common stock have been held. Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares of common stock. Upon exercise, the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the option.

Other Awards. The Company generally will be entitled to a tax deduction in connection with other awards under the Amended 2018 Stock Plan in an amount equal to the ordinary income realized by the participant at the time the participant recognizes such income. Participants typically are subject to income tax and recognize such tax at the time that an award is exercised, vests or becomes non-forfeitable, unless the award provides for a further deferral.

Parachute Payments. The vesting of any portion of an award that is accelerated due to the occurrence of a change in control (such as a sale event) may cause a portion of the payments with respect to such accelerated awards to be treated as "parachute payments" as defined in the Code. Any such parachute payments may be non-deductible to the Company, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

Limitation on Deductions. Under Section 162(m) of the Code, the Company's deduction for awards under the 2018 Stock Plan may be limited to the extent that any "covered employee" (as defined in Section 162(m) of the Code) receives compensation in excess of \$1 million a year.

Pursuant to Section 14A of the Exchange Act, we are providing our stockholders with the opportunity to vote on a non-binding advisory resolution approving the named executive officers' compensation described herein. This proposal, known as a "say-on-pay" proposal, gives the Company's stockholders the opportunity to express their views on our named executive officer's compensation. At our 2017 annual meeting of stockholders, our stockholders voted, on a non-binding, advisory basis, for the Company to hold future say-on-pay votes on an annual basis. In accordance with the advisory vote by our stockholders, we hold a non-binding, advisory vote on the compensation of our named executive officers every year.

This vote is not intended to address any specific item of compensation or the compensation of any particular officer, but rather the overall compensation of our named executive officers and our compensation philosophy, policies and practices, as discussed in this Proxy Statement. Accordingly, we are asking our stockholders to vote "FOR" the following resolution at our annual meeting of stockholders:

"RESOLVED, that the Company's stockholders approve, on a non-binding, advisory basis, the compensation of the Company's named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including in the Compensation Discussion and Analysis, compensation tables and related narrative discussion."

Before you vote, we recommend that you read the "Compensation Discussion and Analysis" and "Summary Of Recent And Proposed Changes To Corporate Governance And Executive Compensation – Executive Compensation" sections of this Proxy Statement for additional details on the Company's executive compensation programs and philosophy.

This vote is advisory, and therefore not binding on the Company, the compensation and talent committee or our board of directors. However, our board of directors and our compensation and talent committee value the opinions of our stockholders and intend to take into account the outcome of the vote when considering future compensation decisions for our named executive officers.

Recommendation of the Board

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE " FOR" THE APPROVAL, ON A NON-BINDING, ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

ADDITIONAL INFORMATION

Other Matters

The board of directors knows of no other matters to be brought before the annual meeting. If any other matters are properly brought before the annual meeting, the persons appointed in the accompanying proxy intend to vote the shares represented thereby in accordance with their best judgment on such matters, under applicable laws.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single Notice or other proxy materials addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

Brokers with account holders who are Company stockholders may be "householding" our proxy materials. A single Notice or other proxy materials may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in "householding."

If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate Notice of other proxy materials, you may (1) notify your broker, (2) direct your written request to: iRobot Corporation, 8 Crosby Drive, Bedford, Massachusetts 01730, Attention: Secretary or (3) contact our Investor Relations department by telephone at (781) 430-3003. Stockholders who currently receive multiple copies of the Notice or other proxy materials at their address and would like to request "householding" of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the annual report and Proxy Statement to a stockholder at a shared address to which a single copy of the documents was delivered.

STOCKHOLDER PROPOSALS

Proposals of stockholders intended for inclusion in the Proxy Statement to be furnished to all stockholders entitled to vote at our 2021 annual meeting of stockholders, pursuant to Rule 14a-8 promulgated under the Exchange Act by the SEC, must be received at the Company's principal executive offices not later than December 7, 2020. Stockholders who meet the applicable eligibility requirements under the proxy access provision of our by-laws and wish to include nominees for our board of directors in the Company's Proxy Statement for the 2021 annual meeting, or stockholders who wish to make a proposal at the 2021 annual meeting (other than a proposal made pursuant to Rule 14a-8 or pursuant to the proxy access provision of our by-laws), must in each case notify us between January 20, 2021 and February 19, 2021. If a stockholder who wishes to present a proposal fails to notify us by February 19, 2021 and such proposal is brought before the 2021 annual meeting, then under the SEC's proxy rules, the proxies solicited by management with respect to the 2021 annual meeting will confer discretionary voting authority with respect to the stockholder's proposal on the persons selected by management to vote the proxies. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the SEC's proxy rules. In order to curtail controversy as to the date on which we received a proposal, it is

suggested that proponents submit their proposals by Certified Mail, Return Receipt Requested, to iRobot Corporation, 8 Crosby Drive, Bedford, Massachusetts 01730, Attention: Secretary.

EXPENSES AND SOLICITATION

The Company will pay all costs of soliciting these proxies. In addition, some of our officers and employees may solicit proxies by telephone or in person. We will reimburse brokers for the expenses they incur in forwarding the proxy materials to you. The Company has retained Georgeson LLC to assist us with solicitation for a minimum fee of \$11,000, plus reimbursement for out-of-pocket expenses.

Use of Non-GAAP Financial Measures

In addition to disclosing financial results in accordance with U.S. generally accepted accounting principles, or U.S. GAAP, we consider and use non-GAAP financial measures as supplemental measures to internally evaluate and analyze financial results. We believe these non-GAAP financial measures provide investors with useful supplemental information about the financial performance of our business, enable comparison of financial results between periods where certain items may vary independent of business performance, and enable comparison of our financial results with other public companies, many of which present similar non-GAAP financial measures.

In evaluating our business, we consider and use Adjusted EBITDA as a non-GAAP supplemental measure of our operating performance. We define Adjusted EBITDA as earnings before interest, taxes, depreciation, amortization, stock-based compensation expense, net merger, acquisition and divestiture expense, gain on business acquisition, and net intellectual property litigation expense. Management believes this non-GAAP measure is frequently used by securities analysts, investors and other interested parties as a measure of financial performance. The term Adjusted EBITDA is not a measure of operating income, operating performance or liquidity presented in accordance with U.S. GAAP. Adjusted EBITDA has limitations as an analytical tool, and when assessing the Company's operating performance, investors should not consider Adjusted EBITDA in isolation, or as a substitute for net income (loss) or other consolidated income statement data prepared in accordance with U.S. GAAP. Among other things, Adjusted EBITDA does not reflect the Company's actual cash expenditures. Other companies may calculate similar measures differently than iRobot, limiting their usefulness as comparative tools. iRobot compensates for these limitations by relying primarily on its GAAP results and using Adjusted EBITDA only supplementally.

ANNEX D
AMENDMENT
TO THE
IROBOT CORPORATION

2018 STOCK OPTION AND INCENTIVE PLAN

WHEREAS, iRobot Corporation (the "Company") maintains the iRobot Corporation 2018 Stock Option and Incentive Plan (the "Plan"), which was previously adopted by the Board of Directors on March 26, 2019 and approved by the stockholders of the Company on May 23, 2018;

WHEREAS, the Board of Directors of the Company believes that the number of shares of common stock of the Company ("Common Stock") remaining available for issuance under the Plan has become insufficient for the Company's anticipated future needs under the Plan;

WHEREAS, Section 16 of the Plan provides that the Board of Directors of the Company may amend the Plan at any time, subject to certain conditions set forth therein; and

WHEREAS, the Board of Directors of the Company has determined that it is in the best interests of the Company to amend the Plan, subject to stockholder approval, to increase both the aggregate number of shares of Common Stock available for issuance under the Plan, and the number of shares that may be issued in the form of Incentive Stock Options (as defined in the Plan) from 1,750,000 shares to 2,495,000 shares.

NOW, THEREFORE:

1. Increase in Shares. Section 3(a) of the Plan is hereby amended by deleting it in its entirety and replacing it with the following:

"The maximum number of shares of Stock reserved and available for issuance under the Plan shall be 2,495,000 shares, subject to adjustment as provided in this Section 3. For purposes of this limitation, the shares of Stock underlying any awards under the Plan or the Company's 2015 Stock Option and Incentive Plan that are forfeited, canceled or otherwise terminated (other than by exercise) shall be added back to the shares of Stock available for issuance under the Plan. Notwithstanding the foregoing, the following shares shall not be added to the shares authorized for grant under the Plan: (i) shares tendered or held back upon exercise of an Option or settlement of an Award to cover the exercise price or tax withholding, and (ii) shares subject to a Stock Appreciation Right that are not issued in connection with the stock settlement of the Stock Appreciation Right upon exercise thereof. In the event the Company repurchases shares of Stock on the open market, such shares shall not be added to the shares of Stock available for issuance under the Plan. Subject to such overall limitations, shares of Stock may be issued up to such maximum number pursuant to any type or types of Award; provided, however, that no more than 2,495,000 shares of the Stock may be issued in the form of Incentive Stock Options. The shares available for issuance under the Plan may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company."

2. Effective Date of Amendment. This Amendment to the Plan shall become effective upon the date that it is approved by the Company's stockholders in accordance with applicable laws and regulations.

3. Other Provisions. Except as set forth above, all other provisions of the Plan shall remain unchanged.
